PRICE FIVE CENTS

The War Today

By GUY RHOADES

INFORMATION RAID

Britain has carried the war to the enemy, it was disclosed today, despite German threats to invade the United Kingdom.

A brief and somewhat indefinite communiqué from the Ministry of Information in London announced raids by naval and military landing parties on "enemy coastline" and reported they had killed some of the foe.

Although the announcement did not say where on the "enemy coastline" the raids occurred, it might be assumed that they were designed to take prisoners and seek information regarding German plans for an invasion of the United Kingdom.

The announcement came in the wake of the fifth German air raid on Britain within eight days, a raid that took four lives and left six injured. At least five of the raiders were shot down.

THE OTHER WAR

Those not too preoccupied with the British scene turned their eyes to the Far East, where Japan appeared to be taking advantage of European hostilities to further her "Monroe Doctrine" of the Orient.

Japan's idea was not new—she broached it first in 1934 as the doctrine of "East Asia for the Asiatics"—but recent developments in Europe gave her the first opportunity of trying to implement it.

BUILD-UP

The build-up for this move began weeks ago, after Germany overran Holland and Japan expressed anxiety regarding the "status quo" of the Netherlands East Indies, the wealthy subtropical isles which were richest possessions of the Netherlands Empire.

Japan obtained assurances from every country with interests in that part of the world that the "status quo" would remain unchanged. From Germany she obtained a statement that the Reich was "not interested" in that sphere.

Japan's "anxiety" persisted, however, and Allied preoccupation in Europe brought her to the sudden realization that alleged arms traffic through Burma and French Indo-China to the Chiang Kai-shek Chinese army must be stopped.

JUST IN CASE

Unconfirmed reports from Hongkong today indicated fighting was in progress between Japanese forces and defenses of French Indo-China while the Japanese sought to stop what they said was an arms traffic with China. French authorities said nothing but nonmilitary supplies had been shipped to China for months.

These simmerings from the Orient coincided with departure of United States Pacific naval units from Hawaii on secret orders. Some naval fliers were reported to have told their wives they believed they were going to the Panama Canal Zone, but there were some observers who thought they were going to the Philippine Islands—just in case.

Premier Hepburn Rushed to Hospital

DETROIT (CP)—Condition of Premier Hepburn of Ontario, who was being rushed to the Battle Creek, Mich., sanitarium today, was described as "precarious" by Dr. W. H. Avery, the premier's personal physician, during a stop-over here.

Mr. Hepburn was flown from his St. Thomas, Ont., farm home.

10-DAY STAY

ST. THOMAS, Ont. (CP)—Premier Hepburn's private secretary, Robert Gaskin, issued the following statement today: "A consultation was held on Tuesday afternoon by Dr. Douglas W. H. Avery, Toronto, the premier's personal physician, and it was decided that, due to the premier's weakened condition as a result of pneumonia, a thorough check-up should be made."

"He was therefore flown to the Battle Creek sanitarium. It is expected he will be there one week or 10 days."

Bronchial trouble had kept the premier confined to his home the last two weeks.

Final Bulletins

REGISTRATION SOON

OTTAWA (P)—Preliminary plans are under-way for the national registration provided for in the mobilization bill. Prime Minister Mackenzie King told the House of Commons this afternoon.

Whether or not any of the various classes of recruits would be called before registration takes place, was under consideration, and as soon as a decision was reached it would be announced in the House, Mr. King said.

No Alberta Session

EDMONTON (CP)—Premier Aberhart turned down the request of the independent opposition for an immediate special session of the Alberta Legislature, declaring this afternoon that "this is no time for political manoeuvring" and "we have no time to fiddle while Rome burns."

Say Pittman Wrong

LONDON (CP)—The Ministry of Information tonight voiced "complete disagreement" with the view of Senator Key Pittman, chairman of the United States Senate foreign relations committee, that "Britain is totally unprepared for defence."

The ministry disagreed also with the suggestion of Mr. Pittman that "nothing the United States has to give can do more than delay the result of the war."

Turkey Not Fighting

ANKARA, Turkey (AP)—Premier Refik Saydam told Parliament tonight Turkey is not planning to enter the war, but is "actively continuing defence preparations."

The address came amid concern over the future of French-protected Syria and the possibility of a Bulgarian attack on Turkey from the north.

May Renew License

OTTAWA (CP)—The question of renewing the licence of Trans-Canada Radio for news broadcasts will be decided at a meeting of the board of governors of the Canadian Broadcasting Corporation tomorrow. Transport Minister Howe told the House of Commons this afternoon in reply to a question.

Woodsworth Improves

OTTAWA (CP)—J. S. Woodsworth, 65-year-old leader of the Cooperative Commonwealth Federation, was reported "greatly improved" at his home this afternoon. He left the hospital yesterday where he had been confined since May 18, when he suffered a stroke.

Golf Upset

SEATTLE (AP)—Miss Nancy Hurst of Portland scored the biggest upset to date in the Pacific Northwest women's golf tournament here today by defeating Mrs. J. K. Priebe of Seattle 2 up in the quarterfinal round. Mrs. Priebe was medalist.

PLANS FREE TRADE FOR ALL EUROPE

NEW YORK — In a special cable to the New York Times, Walter Durruthy says Germany plans to summon, possibly about July 12, a congress at Berlin, to be attended by representatives of all European countries.

At this congress the German plan will be presented to divide Europe into five zones: 1. Germany, France, Switzerland, Belgium and Holland. 2. Italy, Spain, part of Yugoslavia and Greece. 3. Hungary, Rumania, Bulgaria, the Bulgarian part of Yugoslavia. 4. Poland and Czechoslovakia. 5. Scandinavian countries.

The plan will call for universal free trade across the whole of Europe as it exists within United States today, no other trade or racial barriers.

The program proposes co-operation of all Europe for its own mutual political and economic relations. Co-operation of the continent is proposed against England if England should not make peace within the near future and accept the new line-up and "face against the United States should the United States enter the war."

It is proposed to offer Britain three choices: 1. To talk it over and make peace. 2. To leave you alone if you leave us alone—no bombing on either side. 3. You bomb us and we bomb you and then turn all our controlled industries of Europe into producing planes against you and your American friends.

Goodbye to Teacher

Scenes similar to this were common today with cheers, shouts and happy hearts as upwards of 8,000 children vacated 36 Greater Victoria schools to start summer vacation of two months. At Sir James Douglas School door Miss Elsie Smith here bids adieu to part of her grade 5 class. Left to right: Alan Miller, Leona Caldwell, Joan Elworthy, Francis Crees, David Carley, Teddy Tuhy and Josie Alexander. The last two named are holding Afghan rugs, the boys, as well as girls, knitted for refugee children.

Ford's Refusal Brings Questions In Parliament

OTTAWA (CP)—M. J. Coldwell, C.C.F., Rosetown-Biggart, Sask., demanded in the Commons this afternoon that the government take into custody all Henry Ford's industrial interests in Canada.

He declared Ford's refusal to make airplane motors for the United Kingdom was something that could not be dismissed with a "passing reference" in the House of Commons. (See Washington story on page 3).

DIRECTED BY MINISTRY

Munitions Minister Howe said the Ford Motor Company of Canada had placed itself entirely in the hands of the government as to prices on units it was making. The company was beyond criticism as far as he was concerned in its co-operation.

"If any industry did not function as energetically as possible in making war materials, the Munitions and Supply Department had ample powers of compulsion," the minister added.

Earlier, attention of the House had been called to Ford's attitude by Conservative Leader Hanson.

In the Senate the question also was raised by Senator F. B. Black, Conservative, New Brunswick. He said the Canadian government should cancel all purchases of Ford cars and other equipment, and forbid their sale in Canada if the report about the engines was true.

There was no immediate reply from the government side of the Senate, since Senator Black's remarks took the form of formal notice of an inquiry as to government intentions.

In the Commons Mr. Hanson asked what action the Dominion government was taking to protect Britain's interests in view of Mr. Ford's refusal to manufacture airplane engines for Britain in the United States.

MANY SHAREHOLDERS

Prime Minister Mackenzie King replied that this involved the whole defence policy of the government. Munitions Minister Howe added that the Ford Company in Canada was a public company of wide ownership, doing excellent war work.

"Throughout Europe in recent days treachery has not been confined to a few submerged elements," said Mr. Coldwell.

"It is frequently found among the heads of powerful industrial and financial companies."

Mr. Coldwell recalled that Henry Ford had been decorated by the German government. "His long record is not one that inspires confidence in those who believe in democratic institutions."

"We must take cognizance of treachery, treason and sabotage in high places."

Under the mobilization bill enacted last week the government has unlimited power to conscript resources.

"I submit to the government that here is an opportunity for the government to show the people it is not going to mobilize only manpower but industry as well."

"Henry Ford is the type of industrialist who has exploited and

British Raid Nazi Coast

LONDON (CP)—A Ministry of Information announcement today said:

"In co-operation with the Royal Air Force, naval and military raiders yesterday carried out successful reconnaissance on the enemy coastline."

"Landings were effected at a number of points and contact made with German troops. Casualties were inflicted and some enemy dead fell into our hands. Much useful information was obtained. Our forces suffered no casualties."

Official sources, besieged with requests for further explanation, refused to define "raiders" or hint what country they had landed in.

The Press Association described the raids as a "new phase of aggressive action" by the British forces.

Harass Enemy And Discover Plans

To many observers the clashes between the British raiders, supported by the Royal Air Force, and their Nazi foemen appeared to herald a far-flung guerrilla campaign to harass German coastal bases and obtain information on preparations for the invasion of Britain.

Contributing to Germany's disadvantage, Reuters said, was the depletion of German naval forces in past engagements with the Allies and the wrecking of defensive works and harbor establishments by the British and French before they were yielded to the Nazis.

Military observers expressed belief that the coastal raids by shock troops might become so active as to keep part of the German army's attention diverted.

No one appeared to regard the raids as preliminary to a large-scale thrust against the German army, which now holds North Sea, Channel and Atlantic coastlines. But these sources emphasize the damage which

regimented working men, and when he has sucked them dry he throws them in the gutter," Mr. Coldwell said.

It was true that Mr. Ford paid what seemed like good wages, Mr. Coldwell said, "but the mass production line of the Ford factory has 'destroyed' men long before their usefulness should have ended."

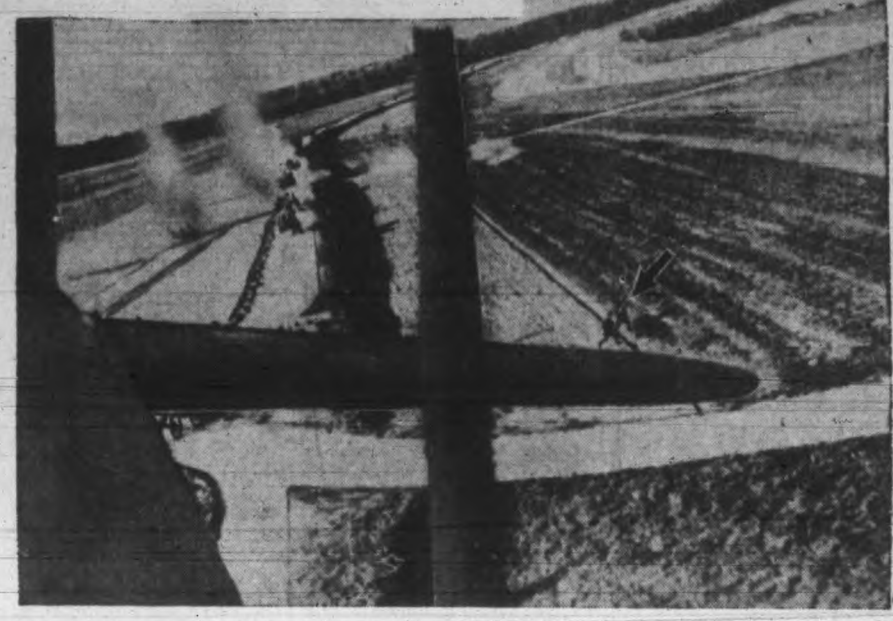

Labor unions had been an "anathema" to Mr. Ford and he refused to accept anything in the nature of collective bargaining, said the speaker.

Mr. Ford had been permitted to make "hundreds of millions" of dollars in Canada but when depression came he threw his men on the relief rolls of Canadian cities.

Mr. Coldwell recalled a parade of Detroit unemployed a few years ago which moved peacefully through Detroit streets, but was met by tear gas, bombs and machine-guns at the edge of Dearborn, the municipality in which the big Ford plants are. Four persons were killed and many taken to hospitals.

The statement also said: "Last night R.A.F. bombers continued their attacks on enemy airdromes, rail communications and other military objectives in Holland and northwest Germany. Heavy attacks were made on the airdromes at Amhem (Netherlands) and Borkum (Germany). At Lingen, near the Dutch frontier, a railway bridge was destroyed."

Britain Strikes From Air

Fighting alone since France's surrender, British Royal Air Force redoubled its efforts to strike at Nazis from air. Spectacular photo above was taken from English plane swooping low to attack a German column. Note Nazi soldiers (arrow) fleeing for shelter.

U.S. Pacific Fleet Sails From Hawaii On Mystery Move

WASHINGTON (AP)—Uncertainty over United States intentions toward Japanese moves in the Far East was heightened today with the report of the secret sailing of the Pacific battle fleet from Hawaii.

Officers were reported to have told their wives that the fleet was going from the Pacific through the Panama Canal to the Atlantic.

It is suspected in many well-informed quarters, however, that the fleet may be moving east to the Philippines in a gesture to discourage reportedly planned moves of the Japanese to appropriate on the basis of protecting their territories which have become more vulnerable as a result of recent developments in Europe.

EYES ON RICH PRIZE?

First of these areas is French Indo-China. Another is Hongkong. There are various reports about Japan's intentions as to the richest prize of all—the Dutch East Indies, with its oil, tin and rubber resources.

It has been suggested that much as Japan wants the Dutch East Indies, Germany may have other plans regarding them rather than allowing Japan to step in. In the meantime, other Pacific powers, including the United States, are desirous of seeing the status quo maintained.

NO CLEAR ANSWER

Both White House and State Department turned aside questions about the fleet with cryptic remarks that they had no news.

Undetermined was whether the big battle force was steaming toward the U.S. mainland for South American waters or farther out toward the Orient.

Others saw the possibility that western hemisphere defence had

President Roosevelt, asked by newsmen about the destination of the Pacific fleet, said he knew nothing about it.

ANOTHER "FRIENDLY VISITOR"

The dispatch of a third United States cruiser on a "friendly visit" to South American ports was announced today by the navy.

Acting Secretary Lewis Comp-ton disclosed the 10,000-ton light cruiser Phoenix, now in the Pacific, was proceeding to its first port of call, Valparaiso, Chile.

Two other cruisers—the Quincy and Wichita—are already in Atlantic coast South American ports whence have come repeated reports of fifth column activities.

The open announcement about the Phoenix trip contrasted with secrecy thrown about the sudden departure of the main United States fleet from Hawaii.

Both White House and State Department turned aside questions about the fleet with cryptic remarks that they had no news.

Undetermined was whether the big battle force was steaming toward the U.S. mainland for South American waters or farther out toward the Orient.

Others saw the possibility that western hemisphere defence had

become so urgent that the administration had decided on a large naval demonstration in South American waters.

No reports of preparations for the fleet have yet come from the Panama Canal Zone.

In a copyrighted article, the New York Daily News today reported the United States had mined both entrances to the Panama Canal, had rushed the heaviest railroad artillery to the Atlantic side of the zone, and had placed the zone's defence forces on virtually a war footing.

The article, written by Lowell Limpus under a Panama date line, said that with 30,000 men under arms military authorities called the manoeuvres an "emergency rehearsal."

"But with intense activity still continuing," the article said, "qualified observers believed the army was getting ready for real trouble on short notice."

(In Washington War Department officials said controlled mines were maintained constantly about the entrances of the Panama Canal, but that no new mines had been laid there recently. Department press officers, who said they had checked the highest sources here, expressed the opinion that army mine layers reported in operation off the Canal Zone were servicing existing installations.

War Begins in Indo-China

HONGKONG (AP)—A "private message" has been received in Hongkong stating hostilities had begun in French Indo-China, the Hongkong Telegraph said today.

The British-owned newspaper gave no hint of the source of its information and made it clear the report had no confirmation from other sources.

The report followed persistent rumors during the past week that Japanese troops from Kwangsi province in China were moving toward the French Indo-China border.

(In Tokyo it was announced cryptically that crack Japanese troops nine days ago had acted 'by force' to cut the supply route from Indo-China to the central Chinese government at Chungking. It was not disclosed in Tokyo whether these troops actually had entered Indo-China territory.)

The newspaper Chui-Mail reported Japanese warships had arrived off Haiphong, French Indo-China, and had "thrown out a blockading screen, presumably with the intention of searching ships using that port."

The newspaper Chui-Mail reported Japanese warships had arrived off Haiphong, French Indo-China, and had "thrown out a blockading screen, presumably with the intention of searching ships using that port."

any change in their present status, either through cession or by force. Japan, said the Asahi, now is prepared to establish a guarantee of the autonomy of east Asia.

The present government is not inclined to link Japan's course either with the Rome-Berlin axis, with Britain or with the United States. The cabinet simply is aiming to establish Japan definitely as the dominant factor in east Asia, consolidating her political and economic position, semi-official sources said.

A powerful group which last year advocated Japan's participation in the Italian-German military alliance now is renewing this campaign on the basis of Germany's gains in the European war. These elements are clamoring for Japan's outright alignment with the axis powers, a step considered impossible as long as Premier Admiral Mutsuhiro Yonai and Foreign Minister Hachiro Arita are in office.

Should advocates of co-operation with Italy and Germany succeed in ousting Premier Yonai, it was believed certain the new government would openly align itself with the axis powers and possibly with Russia as a silent partner.

Italy Requires French Fleet Surrender

French peace envoys—General Huntziger and his aides—shown arriving in Rome via Nazi plane, to learn Italy's price that France has agreed to pay. (Acme radio-telephoto).

ROME (AP)—Italy gained military occupation of only a slim border belt in the Alps, demilitarization of French colonial outposts in north Africa and full rights over Jibuti, only rail out-let to Italian East Africa, under terms of the French-Italian armistice announced here last night.

The armistice also forces France to demilitarize her naval bases in the Mediterranean while the war with Britain is in progress.

No mention was made of Nice, Savoy and Corsica, French-ruled territory for which the Italians long have been clamoring.

In addition to full rights over Jibuti, Italy got control of the French section of the railway running from that Gulf of Aden port to Addis Ababa, capital of Italian-conquered Ethiopia.

ZONES FIXED

Demilitarized zones will be established in France, Tunis and French Somaliland, ranging from 30 to 120 miles in width. French troops must be withdrawn in 10 days.

The zone of military occupation in France proper includes a narrow Alpine border area taken by Premier Mussolini's forces in

their 14 days of war against France.

It extends a short distance into France from the Swiss frontier to the Mediterranean, including Briançon in the north and Mentone, Mediterranean port. Briançon is about five miles from the frontier, and Mentone about a mile.

For the duration of hostilities between Italy and Britain, and for the duration of the armistice, the French Somaliland coast in north Africa is to be demilitarized entirely.

Like the German-French armistice, the agreement stipulated that the French fleet be surrendered, and that hostilities cease in the colonies as well as Europe. The Italians joined the French warships would not be used during the conflict with Britain.

"On the conclusion of peace," it was added, "it (Italy) does not intend to lay claim to the French fleet."

END OF BASES

As long as the hostilities against Britain continue, the fortified areas and naval bases at Toulon, in France; Bizerte,

Tunisia; Oran, Algeria, and Ajaccio, Corsica, are to be demilitarized, this task to be completed in 15 days.

The French government, in addition to halting all hostilities at home and in its empire, agreed to "undertake to prevent members of its armed forces and French citizens generally from leaving national territory to take part in warfare against Italy."

Likewise, the French agreed to guard against the movement of any war supplies of any kind from their territory to their erstwhile British allies or to any other foreign states.

Disarmament and demobilization of French land, sea and air forces will be accomplished within a period to be specified later.

No airplanes will be permitted to leave French territory and all her airports are to be kept under Italian or German control.

A clause similar to one in the German-French armistice says: "The convention shall remain in force until the conclusion of a peace treaty, but may be denounced by Italy at any time in the event the French government does not fulfill its obligations."

British Bag 5 Nazi Planes

Raiders Kill 5 in Britain But Do Little Damage

LONDON (CP)—Scotland bore the brunt of Germany's air raids early today as Nazi planes roamed from midnight to dawn over the British Isles, killing five persons and injuring eight. Two deaths occurred in Scotland and six were hurt in the English Midlands, where there was also one fatality.

A woman and her daughter were killed in southeast Scotland when a bomb wrecked a house. The woman's husband and their son were injured seriously.

At least five of the raiders were shot down, the government announced, in the attacks, which covered a wide area of England, Scotland and Wales.

Three of the planes were brought down in Scotland by terrific fire from anti-aircraft batteries or in spectacular engagements with British fighter planes.

Many of the raiders attempting to break through defences in eastern England were chased out to sea again after crossing the coast at a great height.

In the Scottish attacks, incendiary bombs struck several buildings, including a school.

TOLL OF RAIDS:

Extensive raiding of the British Isles began last Wednesday. The civilian casualty figures follow: June 19—12 killed; 30 injured; June 20—six killed; 60 injured; June 22—three killed; three injured; June 25-26—five killed; 13 injured.

A government communique said "British casualties were slight" in today's raids, that property damage was not serious and that "no serious damage was done by any military objective."

Today's attack ranged from southeastern England through the Midlands north to Scotland. British fighter planes swarmed up and there were scores of dog-fights. Bombs burst, some of them incendiary, starting fires. Anti-aircraft searchlights picked the air.

PARASHOTS HELP

The alertness of the "parashots"—volunteers ready to intercept any troops landing by parachute—was evidenced in Scotland, where they joined police and air raid precaution wardens to hunt the wild Scottish countryside for the wreckage of enemy raiders brought down in flames.

A greyhound racing track in the Midlands was hit by five bombs which fired a wooden

grandstand and kennels and killed one dog. High explosive and incendiary bombs were dropped on two neighboring towns. A boy of four was killed and six persons injured in two houses which were wrecked.

A 65-year-old widow was killed in southern England after returning to bed from shelter in a neighbor's home.

FRENCH LEGION FORMS IN BRITAIN

LONDON (CP)—Gen. Charles de Gaulle said today he is forming a French Legion in Britain from the nucleus of the polus

GEN. DE GAULLE

who escaped from Dunkerque—to "fight on to victory with the cream of France's maritime strength."

Gen. de Gaulle also is forming a committee of French technicians, engineers, scientific experts and inventors to advise on war materials to be manufactured in British plants.

A French national committee—sort of shadow government in exile—is still in formation. It will include "the most representative men of the former French government," said an aide of Gen. de Gaulle.

The aide intimated that he expected the backing, if not personal aid, of Premier Paul Reynaud, who last was heard from in Lisbon, and said that "one or more" of former Premiers Herriot, Blum and Paul Boncour, all now in England, might be invited to serve.

U.S. Tourists Passport Free

OTTAWA (CP)—Prime Minister King told the Commons today that the United States citizens visiting Canada.

He was answering Conservative leader Hanson, who asked the government to clarify the position in view of the new U.S. regulation, necessitating Canadians visiting that country to have passports after July 1.

Mr. King said steps had been taken to strengthen the border control, including stricter immigration inspection at boundary points and the establishment of officers at points not previously covered.

All that would be necessary for persons coming to Canada would be to satisfy border officials that they are U.S. citizens and are coming to this country for legitimate purposes.

Canada welcomed tourists and wished to place no interference in the way of their entering Canada, said the Prime Minister. Here they would find a country strengthening its forces in the fight against Nazi aggression, but wholly at peace with its democratic neighbors.

If at the end of the summer, said Mr. King, it was found necessary to require passports from Americans and to establish consular offices in the United States, ample notice would be given.

The U.S. regulation will become effective July 1 and after that date Canadians crossing the border will need a passport issued by the Canadian government and vased by an American consul.

The operation of the regulation was postponed until July 15 as far as operating personnel of railways, airline and bus companies crossing the border in the course of their duties is concerned.

FAMINE IN EUROPE SEEN BY HOOVER

PHILADELPHIA (AP)—Herbert Hoover today merged his war relief experience of 20 years ago and his observations on present conditions abroad into a prediction that the spectre of "the most disastrous famine in history" hangs over Europe.

If the present war is a short one, he said, there will be a "short famine," but if it continues for many months the problem of feeding Europe's millions will be unparalleled in the history of human suffering.

The 65-year-old former Presi-

dent who directed vast European relief activities at the close of the last war said the post-war task in Europe would not be one of refugees, because they can be repatriated, but one of food because of the number of nations dependent on outside food supplies.

The Belgian city of Brussels, Mr. Hoover added, probably will be without food in 30 to 60 days unless aid is provided.

He said he had communicated with Germany, Great Britain and the "refugee government" of Belgium seeking consent for some "third party intervention" to feed the starving. Private charity could not handle the situation, he declared, recalling it took \$25,000,000 a month to feed Belgium in the last war.

Demand for Washington's Boulder Dam's electric power has exceeded expectations, and income for this fiscal year is expected to be more than \$4,500,000.

Two-thirds of U.S. Want to Aid Allies

NEW YORK (CP)—A public opinion survey released today by the magazine Fortune showed 67.5 per cent of the people of the United States favor aid in varying degrees to the war effort of Great Britain and her Allies.

The survey was completed before the armistice between France and the totalitarian powers was asked, yet the editors state the results seem "substantially to show the direction the nation's thinking will take in weeks to come." Last December's survey disclosed 67.4 per cent wanting to "take no sides."

Of the 67.5 favoring aid to the Allies as shown in today's supplement to the July issue, 7.7 per cent declared for entering the war at once against Germany.

Another 19.2 per cent was in favor of helping the Allies and going to war only if the Allies seem sure to lose. Help for the Allies but no entry into the war was the stand taken by 40.6 per cent.

This compares with last December's survey in which 29.9 per cent said "have nothing to do with any warring country—don't even trade with them on a cash-and-carry basis." At the same time another 37.5 per cent said "take no sides and stay out entirely, but offer to sell anyone on a cash-and-carry basis."

The survey covered all classes and sections of the country.

FORD REFUSES BRITISH ORDER

WASHINGTON (AP)—Plans for faster expansion of the air force and simultaneous aid to Britain struck a snag today in the collapse of negotiations with Henry Ford for mass production of aircraft motors.

Ford, who had said he could turn out 1,000 complete planes daily, refused to manufacture any engines for Great Britain, the National Defence Commission announced, and this stand forced abandonment of arrangements for a joint U.S.-British order.

William S. Knudsen of the defence commission, who disclosed this last night, said that "co-operation in the production of this important military equipment will be sought elsewhere."

This statement gave rise to be-

lief that services of other automobile manufacturers might be enlisted. It was recalled that when Ford made his "1,000 planes-a-day" prediction, Knudsen, then head of General Motors, "guessed" that General Motors could do likewise.

Ford said at Detroit last night that he stood pat on his offer to produce motors and planes for defence purposes, but only for the U.S. government. Several times in the past month he has repeated those conditions in public statements.

FAGS 20 FOR 25

MONTREAL (CP)—The head of a leading cigarette manufacturing firm said today that in view of the new Dominion taxes cigarette prices "probably" would revert to 1932 standards—20 cigarettes for 25 cents and 12 for 15 cents.

Drive Continues On Chamberlain

LONDON (CP)—The future of Neville Chamberlain as a member of the Churchill government is becoming more and more uncertain as a result of a big bloc of parliamentary votes which are determined to oust him.

For almost a month the former prime minister has been the target of behind-the-scenes attack for his part in failing to organize the manpower and resources of the nation during the first nine months of the war. At least once Prime Minister Churchill has stepped in to save his cabinet colleague, but the movement against the "Man of Munich" has continued.

In some quarters it is reported that David Lloyd George may enter the Churchill administration in the near future, possibly replacing Mr. Chamberlain.

The whole situation is complicated by the fact that Mr. Chamberlain still commands a big following in the House of Commons as leader of the Conservative Party. His following is by no means as large as when he was Prime Minister, but it is large enough to command respect.

Perhaps the biggest single factor which holds Mr. Chamberlain in the government is the belief—and it has been advanced more than once by Mr. Churchill—that this is no time for political recriminations. It is also being argued that it would be calamitous to divide the political forces of the Conservative, Liberal and Labor parties which have been working as a team for the first time since the war started.

SOVIET REVERTS TO 6-DAY WEEK

MOSCOW (AP)—Because of increasing war danger and the need of greater production, the Soviet Russian government adopted today a new working week—six days of work and a day of rest—to replace its revolutionary week of five working days and a day of rest on the sixth.

Abandonment of the six-day week, which was a feature of the Bolshevik revolution, was recommended by the Soviet trade unions and adopted by the government.

The Soviet radio said the number of working hours had been increased in capitalist countries, and added that "danger for our country also is increasing" and that it was, therefore, necessary to step up the number of working days and hours to improve the nation's defence.

Leopold to Spain?

SAN SEBASTIAN (AP)—It was reported here today that this north Spain summer resort might become the home of King Leopold III of the Belgians by agreement with Germany.

His three children came to Spain, and it was learned arrangements have been made for them to remain here.

THE WEATHER

VICTORIA, 9 a.m. today—Pressure remains high from Queen Charlotte Islands southward and low over the Rocky Mountain states. The weather has been fair and warm in southern British Columbia, but light showers have occurred on the north coast. It has been cool with rain in many parts of the prairie provinces.

Victoria—Barometer, 30.1; temperature, max. 67, min. 53; wind, 18 miles W. Fair.

Crop Conditions Favorable

OTTAWA (CP)—Showers have been light in the prairie provinces during the past week except in Manitoba, southeastern Saskatchewan and southern Alberta, where beneficial rains were received, the Dominion Bureau of Statistics reports in the fifth of a series of 15 weekly telegraphic crop reports covering conditions in the prairie provinces.

Wheat is in the shot blade stage, normal to the present period, over wide areas, with the crop having overcome the late seeding conditions, the report said.

Manitoba has sufficient moisture supplies for the present, except in scattered localities. Central and northern Saskatchewan districts will need heavy rains to maintain prospects, particularly in central Saskatchewan, where irregular conditions have already developed.

Southern Alberta benefited during the week from good rains, and crop conditions elsewhere in the province continue favorable except in scattered areas.

Grasshoppers have continued to damage crops in southeastern Alberta and southwestern Saskatchewan and a second outbreak threatens in south-central Manitoba. The cool, rainy weather of the past week has helped check this development, however.

Pastures are reported to be in good condition in Manitoba and Alberta, but only fair in Saskatchewan, with livestock generally in good condition.

Equalizing Tax

OTTAWA (CP)—Revenue officials here explained that the object of increasing the tax on furs in the budget from the regular sales tax rate of 8 per cent to 12 per cent was to place the dealers in fur coats on the same basis as dealers in cloth garments.

The tax was levied at the point where the furs are dressed and dyed.

In the past the 8 per cent tax, therefore, did not cover the cost of labor making the garments as in the case of cloth coats. To even it up the levy still will be made at the dressing and dyeing point, but raised to 12 per cent.

Would Impress People of Danger

OTTAWA (CP)—Urging the "bringing about of a much more general and if possible universal appreciation of the peril of Canada," Senator C. P. Beaubien, Conservative, Montreal, presented the first report of the special committee on war co-operation to the senate yesterday.

The report proposed it should be brought home to the people of Canada through the press, the radio, newsreel, theatre and platform, "the indescribable catastrophe defeat would bring to each and all of the people of our country and of the immediate imperative need that every citizen, young and old, become animated and possessed by a sense of duty and sacrifice to the end that we may insure the preservation of our institutions and our nation."

Intern 2 Men Freed By Court

OTTAWA (CP)—Louis Binder and Roy Saunders, whose conviction for violation of the Defence of Canada regulations was quashed by the Ontario Appeal Court yesterday in Toronto, were re-arrested here today 30 seconds after they had been released from the Carleton County Jail. They will be interned.

In Toronto last night Hon. Gordon Conant, Attorney-General of Ontario, commenting on the action of the appeal court said he was bringing the cases to the attention of the Justice Minister, Rt. Hon. Ernest Lapointe.

Mr. Conant said he was asking the Justice Minister to exercise powers he possesses to intern subversive persons on proper grounds.

The appeal court had released Louis Binder and Arthur Saunders, but Harry Binder, sentenced to three years in the penitentiary and fined \$2,000, failed in his appeal. They were convicted recently at Ottawa of having published and circulated anti-war pamphlets.

"In the present very serious war emergency we are imperiling our nation when we extend to subversive elements all the safeguards that apply in ordinary times in the trial of criminal offences," Mr. Conant said. "The only effective and adequate method is for the Minister of Justice to intern such persons when there are reasonable and proper grounds on which to act."

Joins Air Ministry

OTTAWA (CP)—L. Norman Smith, assistant general manager of the Ottawa Journal, has joined the staff of Joseph Clark, director of public relations for the air ministry, as assistant director for the duration of the war.

W. H. Ward of the Ottawa bureau of the Canadian Press will join the staff next Monday. Flying Officer Fergus Grant, who has been Royal Canadian Air Force press liaison officer, will also work with Mr. Clark and his two associates.

Egyptians Leave Rome

ROME (AP)—Egyptian diplomats and consular representatives, journalists and Egyptian citizens residing in Rome left the Italian capital by special train last night.

Malt Tax

OTTAWA (CP)—The new excise tax on imported malt syrup, used in breweries, has been increased from 21 cents to 25 cents a gallon under the budget proposals submitted to Parliament by Finance Minister Ralston. An official summary of the budget speech erroneously said the increase was from 21 to 24 cents.

Fritz Loeb Killed

BERLIN (AP)—Fritz Loeb, 45, who was instrumental in building up Germany's air force and developing the Nazi four-year plan, died "in the air," the German news agency said yesterday. Other sources indicated he was killed in an airplane crash. Loeb was called in April, 1936, to become chief of raw materials and foreign exchange for the execution of the four-year plan.

Record Aircraft Output

CANADIAN-BORN LORD BEAVER-brook, Britain's Minister for Aircraft Production, announced in London today that last week's output of machines and their various parts had proved the biggest in the country's history. He also assured the British public that losses incurred by the Royal Air Force since the beginning of Hitler's "Blitzkrieg" on May 10 had been made good. Satisfactory and comforting though this information obviously must be, the Minister likewise observed that Britain still had "a long way to go," presumably meaning that parity in production with Germany and Italy might not be reached for a little while yet. But his further statement, that importations from the United States were continuous and improving, leads to the belief that these will soon make up the deficiency which necessarily has obliged Britain to use her power in the air more sparingly than otherwise would have been the case.

Aviation experts have liberally interlarded their comments on the numerical superiority of Nazi air strength with glowing tributes to the achievements of the personnel of the Royal Air Force and the quality of its machines in service. These tributes have not been the product of emotionalism or designed to stiffen morale; they have represented the cold and calculating verdicts of neutral technicians, whose eagle eyes and alert minds are ever watchful for performances likely to guide them in their recommendations to their respective governments. Britain's machines evidently have impressed these students of air fighting; and they also have unequivocally declared that not even the finest airplanes of which man is capable of developing will produce maximum effective results unless those who actually fly them are made of the right stuff. Hence, we may look forward with confidence to increasingly numerous accounts of further magnificent exploits by the men of the R.A.F.

Tragic Borderland

DURING THE CLOSING PHASES OF the Spanish civil war pitiful streams of refugees tolled over the Pyrenees toward a safe haven in France. There they huddled in camps, and there for all the intervening time they have remained, and hospitable France did everything she possibly could do for them.

Now the tide is beginning to reverse itself. Some of the French refugees driven before the Nazi invaders like chaff already have reached the Spanish border. Soon they may begin to cross, seeking refuge exactly as the Spaniards sought it in France. The end of the conflict between the French government and Germany will scarcely solve this problem.

The refugee question, apart from all other problems, is one of the greatest tragedies of all time. To thousands of French people there are two courses open: They may try to settle down under the iron rule of Nazism, or they may try to escape to other lands. It is a grim outlook.

Budget's Warm Reception

ALMOST EVERY CANADIAN NEWS-paper, irrespective of political predilection, agrees that Hon. J. L. Ralston's budget embraces a financial policy in keeping with the demands which the Dominion's war effort is making on the public purse—and will continue to make as long as the conflict lasts. The editorial view prevails in some quarters that the Minister of Finance might even have asked for more. On this point, every taxpayer would probably be wise to anticipate further calls for which Parliament at this stage is unable to legislate.

While it observes the budget has come as an "awakening shock" to most people, the Toronto Telegram finds much virtue in its "tremendous educational value." In the light of all the facts, the Toronto Star, noting the "impact of the blow," argues that the new levies cannot be considered excessive. Basing its approval on the fairness of Mr. Ralston's demands, the Toronto Globe and Mail reminds its readers that "the special imposts, including a new tax for national defence, will make every citizen of Canada realize that we are going to wage war until the Dominion and the Empire are delivered from the assaults of the enemy, and permanent peace is restored."

Formidable as the document may seem to Canada and Canadians, it is not "as awesome as it appears at first glance" to the Hamilton Spectator, because it is based "on the grim realities of the hour." It is true, as the Montreal Gazette says, that the program will bear heavily on the Canadian people, "but they have been prepared for it, and have shown their willingness to accept it." And while the public will accept "these onerous sacrifices," it contends there will be complaints that taxation has not been set on a much higher scale.

The Winnipeg Free Press commends the Minister of Finance for his farsighted recognition of the most practical manner of financing the war and is certain "the Canadian nation will respond to the calls that will be made upon it without hesitation or grumbling." With a warning to provincial governments that they must curtail their taxation demands, the Calgary Herald sees in the

Ralston budget "a sharp reminder that the Dominion is vitally and enduringly engaged in the greatest armed conflict in history... calling for tremendous sacrifices for war purposes." Spartan as it is, says the Vancouver Sun, the budget "does not ask us to undergo anything like the hardships" suffered by the peoples already beaten in war. The Vancouver Province quite properly intimates that, so long as the money to be collected shall be wisely and effectively spent, "we cannot object to footing the bill."

Not unexpected is the somewhat cool reception by the morning paper. Among other things it says "there are those who will maintain, and with a good deal of logic, that the increased revenue sought through taxation to be imposed could have been secured without such sudden and startling increases in the income tax, with the superadded effects of the new wage tax," and "there was no public expectation that it would come with such a heavy shock, and the opinion may well be expressed that the repercussions may not be all that the government desires."

The Colonist argues that the government could have imposed much heavier duties on imported liquors. Of course it could; it could have cut down the sales to Canada of Scotch whisky by making the tariff on this commodity prohibitive—thus curtailing Britain's revenue from external sources at a time when she needs every one of these dollars to fight Hitler. But it is of little use to try to fathom the reasoning of our contemporary when the subject of Canada's war effort is under discussion.

Only for Defence

MR. HENRY FORD WILL PRODUCE motors and airplanes in his vast plant only on the strict understanding that they are to be used for defence purposes and that they shall be manufactured solely for the United States government. It had been hoped his establishment would soon be building 3,000 engines for his own country's use and 6,000 for Great Britain, a volume believed sufficient to warrant the adoption of mass production principles in the airplane industry. The veteran automobile magnate, however, appears to be adamant on the point; the Joint British-U.S. order will not be placed with his concern.

It is to be noted, incidentally, that Mr. William S. Knudsen of the United States Defence Commission—formerly head of General Motors—some time ago "guessed" his corporation, like that of the Ford plant, could turn out the 1,000 planes daily which had been considered quite feasible. Prompt action is the essence of the contract. However, nobody will question Mr. Ford's right to do as he pleases with his own establishment, for he is not doing business in a totalitarian country. He also has the right to define the difference between defensive and offensive weapons. Britain naturally is not standing on any ceremony in this regard. Her people are being raided every night by German bombing machines. She is returning the compliment. This may go on until ruin and desolation stalk both lands.

Our neighbor's Defence Commission, of course, is fully alive not only to the peril over the seas but also to its manifold implications. Mr. Ford's opinions of statesmanship of the cause of the present unhappy condition of the world, or of his own position in the general scene, are matters outside the scope of this reference to the collapse of negotiations which it had been hoped would be successful. It may be said with some truth, perhaps, that millions of Americans will be disappointed over this latest development.

Wrestling matches make us suspect that the wrong people are getting those publicized Academy Awards for fine acting.

Discovery of South American plagues unable to count beyond six leads the duffer to believe at last he knows where to find the ideal caddy.

SHRINKING FROM TRUTHS

From Ottawa Journal
If the democratic system cannot be indicted, indictment there must be for those who refused its responsibilities. That indictment, a tragic thing now, is stated with truth by the New York Times.

"Free peoples in our time cared too little for their privileges, too little for their democratic duties. The leaders thrown up by Britain and France in recent years did not lead but lulled and soothed. They saw the German threat rising, but shrank from facing it. They heard good advice, but shut their ears. They knew how to win elections, but not how to strengthen and safeguard their democratic birthright. And because these inadequate leaders were freely elected and kept in power by the votes of free men and women, the people of the western democracies cannot be acquitted of blame. They, too, preferred to keep their comforts and shrink from inconvenient truths. They were not ready until too late to make sacrifices for keeping their way of life—sacrifices that would have meant universal freedom in England, or more efficient industrial production in France. If they knew their responsibilities, they chose to evade them, as we in the United States evaded ours when we washed our hands of Europe in 1920, and built tariff walls around ourselves in 1922 and 1930, and decided that courage and idealism in international affairs were counterfeited coin."

Parallel Thoughts

And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.—Genesis 1:11
Nature is but a name for an effect whose cause is God.—Cowper.

Bruce Hutchison

DINOSAUR
LONG AGO THE dinosaurs and similar monsters, having grown so large that they couldn't compete with the more active smaller animals, including man, folded up and died. Something like that, I am convinced, is going to happen to the monster cities of the modern world.

New York is showing every sign of enlargement, obesity and disorders of the pituitary glands. The great heaving mass of the city, sweating at every pore, waddling and lurching like a fat countrywoman, looking for all the world like my friend Mrs. Noggins—this heavy, sodden organism is slowing down.

Where traffic used to move at 11 miles an hour in the horse and buggy days it now moves at seven miles an hour, even though, in brief spurts, it races along on Park Avenue at 60 miles an hour.

It takes longer to get anything down in New York than any place I know except perhaps London, but London never pretended to be fast, whereas New York, poor pathetic creature, imagines itself to be the most active thing in the world. It takes longer to get lunch in New York than in Duncan, longer to cross the street, longer to get a telephone connection, longer to get a shoe shine. Indeed, I am assured by my friend Jim Marshall, of Colliers, who has investigated the matter, that it takes 10 months to have a baby in New York.

S.P.C.A.

THE WHOLE THING is slowing down, perishing by its own complexity, drowning in complication and suffocating with organization. New York is dying today of efficiency. The only sad thing about it is that death is proving a slow process. After riding about today in subway, compared with which a sardine can is air-cooled luxury, after coming up out of the bowels of the earth into the baking, stifling heat of the streets and finding them like a cool woodland breeze, I am prepared to urge the immediate end of New York as part of the work of the S.P.C.A. The poor old girl is simply too fat to get around any more.

CITY OF BEAUTY

WASHINGTON, HOWEVER, IS A CITY. I suppose you might say that Washington is the only city in America according to European standards, the only place where they have planned things and proceeded on the assumption that beauty for its own sake is worth while. But, beautiful as it is to look at, glorious as are its temples to democracy, to religion, art and the movies, life here is a living hell for everybody.

It is not so much the temperature. I have enjoyed 90 degrees in the shade at our lake, but when the heat is turned on in the form of steam it is hard to take. Washington is simply a vapor bath and the heat clings to you like a suit of flannel under-ware soaked in boiling water. You can't eat. You only drink.

In Washington I found myself eating about a quarter of a normal diet, not enough to keep a sparrow alive, but the amount of liquid consumed in this place is unbelievable, but as it quickly disappears in the form of perspiration nobody has ever been known to get drunk in Washington. Gallant attempts have been made, heroic efforts put forth in my presence, but never with success. The heat always gets ahead of the alcohol.

CAVE DWELLERS

THE RESULT, OF COURSE, is that no one goes out of doors if he can help it. Those who can afford it have air conditioning and they are developing a ruling class who live entirely in icy caves. I fancy that in time they will take on the characteristics of Eskimos, unable to survive a sunny day. The poor have to wait until midnight to get a breath of air. Then you find most of the population out driving and walking or lying on the grass of the parks. At midnight Washington is as busy as at noon. Every night at about 1 a friend of mine would drive around with his car and pick me up and take me for an airing. Apparently nobody sleeps in Washington except at his desk in front of the electric fan.

Wanted men—

Not systems fit and wise,
Not faith with rigid eyes,
Not power with gracious smiles,
Nor wealth in mountain piles,
Not even the potent pen.

Wanted deeds—

Not words of winning note,
Not thoughts from life remote,
Not fond religious airs,
Nor sweetly scented prayers,
Not talk of ancient creeds,

Wanted deeds—

Men who can dare and do,
Not longing for the new,
Not pratings of the old,
Brave hearts and action bold.
These the occasion needs—

GEMS OF THOUGHT—SIMPLICITY

"Simplicity, of all things, is the hardest to be copied."—Steele.
"Simplicity of character is the natural result of profound thought."—Hazlitt.

"Love one another" (I John 3:23), is the most simple and profound counsel of the inspired writer.—Mary Baker Eddy.

"Goodness and simplicity are indissolubly united."—Martineau.

"Nothing is more simple than greatness; indeed, to be simple is to be great."—Emerson.

Elmore Philpott

THE FRENCH SELL OUT

THERE ARE MANY people nowadays who remark and write on the folly of crying over spilt milk. They say that it is no use now talking over the past. Let us forget all about how Japan was given the green light signal in Manchuria; how Ethiopia was sold out; how Spain was delivered into the hands of those who are now making full use of it—let us forget about Austria and Munich and all that sort of thing.

I would agree that it is best to forget all about the mistakes of the past if those who made the mistakes were no longer in a position to make more, and for us, fatal ones. But what has happened in France in the past two weeks is a shattering reminder that the same people who are responsible for the stupidity or treachery of the past are still at their deadly work.

France was last week sold into slavery and the British Empire was betrayed by what Vernon Bartlett, M.P., called, in an official BBC broadcast on Monday, June 24, "the 200 families which rule France."

For this is the appalling fact. The people of France will not know for two whole days after hostilities have ceased just what has taken place. For the "peace with honor" which Marshal Pétain got from Hitler was just as dishonorable as that which was also advertised after Munich. But this time our world will not have to wait a year for the consequences. They are already in operation.

HOW FRANCE FELT

EVERYBODY knows that France was beaten in the battlefield so completely that it was impossible to sustain effective military resistance to the Germans within the borders of France herself. The fight put up by France after Marshal Pétain assumed control was truly heroic. By June 13 it was apparent that it was hopeless. But consider what happened. On that day Pétain decided to ask for an armistice. It was not till one day later that the leaders throughout the British Empire were notified of that fact. It was not until Sunday, June 16, that the people of France were told what was proposed. All they knew was that Reynaud had been deserted by his cabinet and so

TALK TO THE STUDENTS

From Public Opinion (London)
Lord Meston, Chancellor of the Aberdeen University, at the spring graduation said:

"Germany has been fouling the whole stream of humanity and culture. Yes, but what have we been doing? We have been smugly accepting a social system that produces those sad little creatures from the evacuated slums which some of us have recently had to shelter. No nation in truth can cast a stone at another."

"Now we are at each other's throats as if the world had never been given a vision of better things and the same tragedy seems likely to be staged for each succeeding generation unless we get back to sanity."

"My plea, in short, is that, amid the busy hours of your working life, you should try to spare some leisure for idealism, that brand of constructive idealism of which the world will stand in sore need when war is over. It is inconceivable that the nations should again allow the progress of man to be exposed to the sabotage from which it has suffered in recent years."

"It will be a heavy task, but the magnitude need not appal you. There is a royal road to its fulfilment, and the rule of that road is that each of us should do to others as we would that others should do to us."

"It is the application of this golden rule, first to our national social system and then to international relations which will, I repeat, be the task of your generation. Our generation has failed, not through lack of good-will or good intention, but through sheer inability—and too often sheer unreadiness—to think things out, through want of courage to follow the vision."

"The first and only duty at this hour is the destruction of Hitlerism and all its iniquities. A time will come when your vision will break through the clouds and you should then be prepared to follow it whithersoever it leads you."

"Some will smile and call you idealists."

"Does it matter? Would you rather be idealists with Thomas More, or realists with Nicholas Machiavelli? If Europe had followed More rather than Machiavelli, what a different world we should find ourselves in today."

In the great struggle that may be ahead, truth, justice, and freedom will conquer only if we know what they are and pay them the homage they deserve.—Dr. Robert M. Hutchins, University of Chicago President.

COORDINATION OF APPEALS

The Winnipeg Board of Trade, on the initiative of its donations bureau, has given strong support for the movement for co-ordination of war service appeals in Winnipeg.

The reasons for uniting these appeals are obvious to the people of Winnipeg who have learned through years of successful experience with the Community Chest that unification reduces campaign expenses, overhead costs and overlapping and duplication which has a tendency to impair response of donors through the deadening effect of repetition.

It is to be hoped that co-ordination on a national scale of the major auxiliary war service appeals will be accomplished without delay. But even if national co-ordination is not achieved,

Winnipeg will be able to increase effectiveness of its support to these vitally necessary services by co-ordination in the local field.

Better English

1. What is wrong with this sentence? "It is better than a week since I talked with him."
2. What is the correct pronunciation of "telegrapher"?
3. Which one of these words is misspelled? Turret, turbulence, turkouse.
4. What does the word "sagacious" mean?
5. What is a word beginning with am that means "kind-hearted."

Answers

1. Say, "It is more than a week."
2. Accent second syllable.
3. Turquoise.
4. Discerning; shrew; wise. "He was too sagacious to be misled."
5. Amiable.

Former Victorian Contrasts London And Paris

Miss Gladys Arnold Finds Britain Confident But Ready

Mr. and Mrs. Arnold Sutcliffe of 902 Arundel have received word that their daughter, who as a war correspondent has been writing for the Canadian Press under the by-line of Gladys M. Arnold, is now in England after exciting and dangerous experiences in France.

Miss Arnold was in Paris writing for the Canadian Press and free lance for five years before the war broke out, and worked through the exciting days before the war and the dangerous days after up to the time the French government moved to Bordeaux.

ON CROWDED BOAT

She was forced with other correspondents to flee to England, and it is believed she was one of the 1,500 refugees who left France on a boat that normally accommodates 180 passengers, and among whom were Eva Curie, daughter of Madame Curie, Pierre Curie, former French Air Minister, and Baron Robert de Rothschild.

In a cable story from London, in which she contrasts the atmosphere in Paris before the German entry with that of London, Miss Arnold emphasizes the peaceful confidence of the British people.

HERE'S ALWAYS THE FLEET

"People when questioned say: The Channel is our Maginot Line and it's a more difficult line to take." And they add: "Besides, there's always the fleet."

The story of the debacle in France probably is responsible for Britain's alertness for possible fifth columnists. No sooner arrived in London, prior to 6 a.m. I was questioned, obliged to show my passport, and acted as interpreter for four French Air technicians who arrived at the same station after crossing the Channel in an open boat.

One remark overheard, which is heartening, is: "We're putting the Fascists as well as the Communists out of mischief's way over here. They forgot to do that in France."

CARELESS TALK TABOO

Signs against careless talk are more in evidence and more strictly observed here than in Paris.

The blackout is blacker. It gives one a particularly intimate feeling to see the Canadian troops and the big-hatted Anzacs here, a distinct impression of the rallying of the Empire, which of course one could not have across the Channel.

The freedom of being able to telephone when one likes, of sending telegrams without visiting the police, marks the peaceful atmosphere of London as against that of Paris, even if one lump of sugar in one's coffee and half butter half margarine with one's toast recalls the reality that we are probably on the eve of the Battle of Britain.

S.P.C.A. Concert Enjoyable Affair

Under the auspices of the B.C. Society for the Prevention of Cruelty to Animals, a concert was held in the Truett Centre hall on Monday evening, July 2. Braden presiding. Mr. Braden outlined the work of the society since its inception in this province 45 years ago and commended the work of the committee which had organized the concert.

The enjoyable program included songs by Mrs. Richards and Mr. Dunn, accompanied by Mr. C. Boulter, who also rendered piano solos; dramatic readings by Mrs. Reese Burns, comic numbers by Mr. W. J. Smith, dances by Frances Farmer, Maxine Simpson and Norah Rushworth, pupils of Violet Fowkes, accompanied by Miss Rae Millar; dances by Diane Colton, Josie Shaw, Norma Gorkle, Enid Middleton, Iris Brooks, Beverly Bradley, Dennis Kempton, McManus, Joan Hume, Iris De Meres, Vivian Nottley, all pupils of Betti Clair and accompanied by Mr. G. Schofield.

At the close refreshments were served.

HONGKONG WOMEN PREPARE

HONGKONG (AP)—A sign of the creative times in the Orient is the creation here of a women's auxiliary transport service called a "serious military unit."

"The girls must be prepared to consider themselves soldiers," said a British army official. The unit was formed to answer a definite requirement in the colony's defence.

PILES

With a record of 30 years as a most satisfactory treatment for piles or hemorrhoids, you can positively depend on Dr. Chase's Ointment.

Two little girls who arrived recently from England for the duration of the war were, left, Julia Powell, aged three and three-quarters, and her sister, Eve, aged nearly nine, snuggled in the gardens of the Empress Hotel. They were brought to Victoria by their aunt, Mrs. H. B. King of Warwickshire, and will be joined here shortly by their mother, Mrs. Powell of Shanghai.

Social and Personal

This morning, at her home on Fort Street, Mrs. S. J. Willis was hostess at a coffee party for a few friends.

Mr. and Mrs. Alfred Drew and Miss Betty Drew of Kingston, Ontario, have returned from a trip to southern California, and are resident at 1612 Wilmore Place, Oak Bay, for a few weeks before leaving for the east.

Miss Margaret Russell, whose marriage to Mr. Fred Wilms-hurst will take place in July, was the guest of honor last evening at a miscellaneous shower given by Miss Hazel Carter at her home, 3312 Doncaster Drive. Sweet peas and clarkia were used in the rooms. Upon her arrival Miss Russell received a corsage bouquet of pink carnations and sweet peas, and later the gifts were presented in a white box on the top of which sat a doll dressed in a white crinoline. Games were enjoyed during the evening and refreshments were served. The guests were Mesdames W. Miller, P. McNabb, J. Wilms-hurst, I. Ero, Wilms-hurst, Sr.; W. I. Greig, J. W. Hewett, E. A. Lang, E. Carter, A. Harper, K. MacDonald, E. Davies, J. Russell and Misses Hope Hewett, Ann Provan, Cora Carter and Betty Hewett.

Miss Phyllis Dods-worth was honored at a miscellaneous shower given by Miss Wanda Ross, 560 Beach Drive, last evening. The guest of honor, who is to become the bride of Sgt. A. D. Stevenson, Canadian Scottish Regiment, on July 5, discovered her gifts by following a treasure trail indicated by clues. The evening was spent playing games. Miss Grace Stevenson, sister of the groom-elect, and Miss Marjorie Delf presided at the supper table, which was covered with a lace cloth centred with a bowl of pink carnations and lighted by pink candles in crystal holders. The guests were Mrs. C. W. Walker, Mrs. W. B. Ross and Misses Alice and Doreen King, Audrey Boorman, Patricia Daw, Marjorie Delf, Louise MacBride, Bernadette Corcoran, Davina Dingwall, Connie Liddner, Sylvia Petch, Marjorie Dods-worth, Laura MacBride, Grace Stevenson and Gwen Dods-worth.

Congratulations are today being extended to Mrs. Harriet Davies on her 85th birthday. This pioneer and much respected resident lives with her son, Mr. A. H. Davies, 2123 McNeill Avenue, and is busy every day knitting for the Red Cross. She was born in Durham City, England, and has lived here 30 years. Blessed with good health and possessed of all her faculties, Mrs. Davies enjoys life to the full. Other members of her family are: Alderman W. H. Davies of Victoria, two daughters, Mrs. Herbert Brooks, Berkeley, California, and Mrs. J. Andros, Vanderhoof, and nine grandchildren.

O.E.S. Past Matrons Party Is Success

The pretty garden at the home of Mrs. H. O. Austin, William Street, was the setting of the successful garden party held yesterday afternoon by the Past Matrons and Patrons Association of the Order of the Eastern Star. The affair concluded in the evening with a bridge and whist party in the house.

Mrs. Austin, who is a past grand matron of British Columbia, declared the fête "open and welcomed the guests, and was presented with a lovely bouquet of red carnations.

Mrs. Nellie Kelly and Mrs. George Wise were general conveners, and tea was served indoors under the direction of Mrs. F. R. Bland, assisted by Mesdames Jean Thompson, Leonard Batchelor and A. Steer. The tables were centred with mauve and white flowers, the association colors, and the head table was covered with red, white and blue summer flowers and rattail tapers.

House-hold was in charge of Mrs. Kelly, tea-rop reading by Mrs. P. Muir. The home cooking stall under the convenship of Mrs. W. H. Dallaway, and fancywork in charge of Mrs. E. Meiss and Mrs. F. Williams, were all well patronized.

The evening party drew a good crowd and, following the games, prizes were awarded the winners and refreshments served.

LANGFORD

LANGFORD—Mrs. F. Vincent Rush, Port Alberni, is visiting her parents, Mr. and Mrs. A. H. F. Stelek, Greenacres, Royal Oak, and her sister, Mrs. J. C. Nimmo, at Langford, for a few days.

Weddings

PAINTER-HARTE

At the home of the officiating minister, Rev. A. E. Whitehouse, D.D., Metropolitan Church Parsonage, this afternoon at 2.30, the marriage was quietly solemnized of Doreen Claire, second daughter of Mr. and Mrs. Victor Harte, 1243 Johnson Street, and Alexander James (Abbie) Painter, only son of Mr. and Mrs. A. H. Painter, 640 Pine Street.

The bride was given in marriage by her father and wore an afternoon frock of powder blue sheer with smocked yoke and jacket, with which she wore a white turban, white lace gloves, and a corsage bouquet of roses. Her only attendant was her sister, Miss Verna Harte, wearing a dusky pink afternoon frock, with pink and blue flowered doll hat, white lace gloves and a corsage bouquet of carnations and sweet peas. Mr. William Hill supported the bridegroom.

After the ceremony a reception for members of the immediate family was held at the Dominion Hotel. Later Mr. and Mrs. Painter left for a honeymoon trip to California, the bride traveling in a black suit trimmed with red fox, and white accessories. They will make their home at 713 Connaught Street on their return.

GARDNER-HARDING

At 3.30 this afternoon at St. Mary's Church, Oak Bay, Rev. F. L. Stephenson united in marriage Edith, elder daughter of Mr. and Mrs. F. Harding of Regina Avenue, and Mr. Edward Gardner, son of Mr. and Mrs. H. W. Gardner, Meadow Place.

Mr. Harding gave his daughter in marriage. She wore a street-length frock of mauve sheer with rounded neckline trimmed with rosettes, and shirred short puff sleeves, a white straw picture hat trimmed with felt maple leaves, and a corsage bouquet of pink carnations.

Her sister, Miss Lucy Harding, was bridesmaid in a frock of turquoise blue with a ribbon of turquoise silk, and a corsage bouquet of pink and white carnations. Mr. Norman Griffin was best man.

Relatives and a few intimate friends were present at the reception held at the home of the bride's parents, Regina Avenue. The guests were received by Mrs. Harding, gowned in navy blue with accessories to match, and by Mrs. Gardner, in navy blue and white figured dress and black and white hat.

Refreshments were served from a table covered with a flowered linen cloth, centred with a three-tier wedding cake surrounded by natural flowers in the same shades as those on the cloth.

The bride and bridegroom left for Port Angeles and will visit in Seattle before returning to Victoria to make their home. The bride traveled in a navy blue and white ensemble.

BOWDEN-MESSERSCHMIDT

Mr. and Mrs. J. F. K. Messerschmidt, Pandora Avenue, announce the marriage on June 24, of their daughter, Edna, to Ernest, son of Mr. and Mrs. H. A. Bowden, Moss Street. After a honeymoon spent on the mainland, Mr. and Mrs. Bowden will make their home in Victoria.

This picture was snapped at a garden party which Mrs. Percy Nelles, wife of Rear-Admiral Nelles, formerly of Esquimalt, gave at their Ottawa home for the girls at naval headquarters. After their day's work Lieut. John Farrow, left, controller of naval information, dropped in with Rear-Admiral Nelles, right. With them is Maureen O'Sullivan, wife of Lieut. Farrow. Before joining the navy, Lieut. Farrow was a Hollywood director.

St. Margaret's Has Its Prize-giving

The school gymnasium at St. Margaret's School was filled to capacity last evening by relatives and friends of the students for the annual prize-giving at which Miss Pearce, the head-mistress, gave a record of the school's work during the last year, the 32nd since its foundation.

The revival of the school magazine, the introduction of a home economics course and increased attention to dramatics had been included in the year's activities, while in sports, the students of St. Margaret had taken a prominent place.

The chairman, Mr. J. Villiers Fisher, introduced the speaker, Very Rev. S. H. Elliott, Dean of Columbia, who suggested that more chivalry should be introduced into affairs of the day. Woman having so often been in history and literature, as well as in life, the one to make the final decision, the girls of today should inject chivalry into their dealings, in his opinion.

TROPHIES AND PRIZES

Dean Spencer Elliott presented the prizes. The Robertson silver, for the girl who made the greatest, all-round contribution to the school, went to Joan Fisher; another special prize to Hazel Adcock, and the House Cup was awarded to Turgot and Christian Houses, who tied for first place, their captains, Agatha McGivern and Sheila Williams, receiving the silver trophy.

On behalf of the Old Girls' Association, the president, Mrs. W. C. Menon, presented the Margaret Barion scholarship to Louise Preston.

Other prizes were as follows: General knowledge, junior, Joyce Mellicke; middle school, Mary Lou Allen; senior, Hazel Adcock; general proficiency prize in matriculation class, Joan Fisher; English prize, Clemency Ord; cup for Bible knowledge, Sonia Stewart; debating pin, Joan Clark; music cup, Diana James; tennis cups, junior singles, Lois Bird (silver cup); junior doubles, Lois Bird and Annette Clark (ribbons); senior singles, Agatha McGivern (ribbon); senior doubles, Agatha McGivern and Joan Fisher (cup); riding cups, junior, Janet Denniston, Gay Elkington and Charlotte Butler; senior, Suzanne St. Pierre, Macford Wilson and Betty Denniston; senior jumping, Suzanne St. Pierre, Betty Denniston and Joy James; swimming cup, Peggy Frame and Sheila Williams.

First aid certificates were presented to Mary Lou Allan, Robin Baugh-Allen, Joyce Clearihue, Betty Denniston, Minkie Ford, Sheila Francis, Barbara McColland, Patricia Sprot, Joyce Waters, Rosalind Wilkinson and Vervan Yarrow. Swimming certificates were won as follows: Elementary, Charlotte Butler, Marcia Dorman; intermediate, Joan Clark, Sheila Francis, Margaret Pike, Jacqueline O'Connell, Pamela Greenhill, Joyce Waters, Belinda Taylor; bronze medalion, Sheila Francis, Joan Clark; bar to bronze, Mary Tucker, Peggy Frame, Pamela Allan.

Music by the school choir made a delightful diversion, and at the close of the program, the girls gave three hearty cheers for Miss Pearce. Refreshments were served in the boarders' dining room.

Discuss Reasonable Hours for Nurses

CALGARY (CP) — Greatest obstacle to instituting "reasonable hours" in the nursing profession is the tendency of general-duty nurses to make sacrifices, Mrs. Rex Eaton of Vancouver told 350 nurses at the Canadian Nurses' Association convention here last night.

Mrs. Eaton is chairman of the Industrial Relations Board of British Columbia, and has worked on committees surveying hours and conditions of labor.

"I know that the nature of your work is such that you cannot quit on the minute, but if the principle of the eight-hour day were carried over two weeks, 96 hours for two weeks, I think all emergencies could be met," Mrs. Eaton said.

Three Agnes Mary Snively awards, the highest honor the Canadian Nurses' Association can bestow, were presented by Miss Grace M. Fairley, superintendent of nurses of Vancouver General Hospital, and Dominion president of the Association.

The three medals were to Kathleen Russell, Toronto; Mother Allard of the Hotel Dieu St. Joseph's, Montreal, and Ethel M. Johns, Montreal. Miss Johns was the only one present to receive the award in person.

A year is only 88 days long on the planet Mercury.

Officers Installed

The social meeting of Victoria Chapter No. 25, Women of the Moose, was held in the K. of P. Hall, presided by Senior Regent M. Carter. Membership certificates were presented to several new members. Final arrangements were made to send Senior Regent M. Carter as delegate to the Northwest Moose Conference at Eugene, Oregon, July 25 to 27. The Fifth Grand Regent Mary S. Wallace will visit the chapter in August. The quilt made by the homemaking committee went to Mrs. Wescott.

Following the meeting, installation of officers took place. The hall was decorated for the occasion with flowers in the colors of the order. Installing officers were: Regent, M. Carter; chaplain, B. Nutton, guide, H. Parker; pianist, J. Bohannon, who were introduced by Guides E. Parker and K. Herring. Acting chairman for a short time was Graduate Regent M. Pearce.

Installing guide and escorts presented the following elective officers: Graduate regent, Mary Carter; senior regent, D. Guelpa; junior regent, A. Bird; chaplain, A. McAllister; recorder, D. Fairhurst; treasurer, M. Brown. Appointed officers were: Guide, E. Van Alphen; assistant guide, Ada Hatcher; sentinel, E. Duncan; argus, R. Williams.

Corsages were given to the installing chaplain and pianist. Presentations for past services were given to the outgoing officers: Graduate regent, P. Huchin; graduate regent, E. Jane; co-workers, H. Parker, E. Parker, M. Crabtree, also the refreshment committee co-workers, A. Spaven, A. Bird, M. Robertson. On behalf of the chapter, Senior Regent M. Carter was presented with a lovely dinner set for her three years' service, and she thanked the chapter for its help and co-operation and expressed best wishes to her successor.

Ritualistic chairman, Graduate

Among recent weddings was that of Mr. and Mrs. Percy Edward Tyson, the former Ruth Ashton, left, and Mrs. Donald Gordon Galey, right, the former Mary Sparrowhawk.

Regent A. Hatcher, received gifts from the chapter and her former escorts, who also received a small token of appreciation for their year's service from the chapter.

Members acting on the escorts for the installing ceremony were: Co-workers, E. Cowden, E. Burke, S. Wetherall, M. Bentham, A. Harper, E. Skelland. The new Senior Regent D. Guelpa asked the members for their full co-operation during the coming year. Refreshments were served by the committee, Co-workers A. Spaven, A. Bird and M. Robertson.

Princess Juliana Shops in Ottawa

OTTAWA (CP) — First public appearance of Princess Juliana of the Netherlands since her arrival at Government House camp yesterday in the form of a casual shopping tour.

Smartly attired in a grey two-piece suit with white accessories and accompanied by her lady-in-waiting, the Princess strolled into a downtown store, where a white seersucker evening gown with flame-colored accessories caught her eye.

Her attendant chose a Dubonnet and white cotton frock, and the two shoppers strolled out again, leaving an excited and surprised group of clerks who had not at first recognized royalty.

Catholics Asked to Take Evacuees

SAINT JOHN, N.B. (CP) — A recommendation that members of the Catholic Women's League of Canada hold themselves in readiness to help refugees and take one child or more into their homes was made to the league convention today by Mrs. Alexander Walker, Toronto, national convener of immigration.

She also recommended that members interest others in the work, assist in conveying children to homes of adoption and in supervising the homes, give the children books and prayer-books when needed and buy them clothes.

A war service report showed all subdivisions active and co-operating with the Red Cross and other organizations.

Miss Ann MacMaster, Vancouver, convener of the league's magazine, urged an increase in its Canada-wide subscription.

School Concert Aids Junior Red Cross

Shortly before school closing the pupils of Kingston Street School entertained with a concert and display of work, in aid of the Junior Red Cross fund. Amy Mackay made a capable chairman. The program consisted of several groups of songs by the school, two of which were dramatized, a playlet by the pupils of Grade 2, a story dramatized by seven of the Grade 1 pupils, and a reading by the pupils of the Junior Red Cross.

After the program the display of work was in charge of a number of children.

A good contribution was given for the ambulance fund of the Junior Red Cross.

Snaggle Silk Stockings
NEW YORK—Princess Alexandra Kropotkin, in the current Liberty magazine, finds fault with the chairs in the Senate office building because they're hard on a lady's stockings.

"They have nails in them," says the princess, and if you don't watch out, they "snaggle your silk stockings."

Seems Like Yesterday
MELBOURNE, Australia—Mrs. Mary Ross, who says it "seems only a little while since I first came to this country as a slip of a girl," has celebrated her 101st birthday.

Long Wedding Trip
MELBOURNE, Australia — Jean Thwing Small traveled 8,000 miles from Kansas City, Mo., for her marriage to John Andrew Cornell here.

In the steel industry a "pass" is the opening between rolls through which rolled steel travels.

Clubwomen's News

Esquimalt W.I. will hold the usual 500 card party Thursday evening in the Parish Hall at 8.15.

Oak Bay No. 42, O.E.S., will hold a bridge tea in Oak Bay Theatre hall tomorrow at 2.30. Tea guests welcomed at 4. Players to bring their own score pads and cards.

The Navy League W.A. will meet in the rooms on Broad Street on Friday at 2.30. Plans for the garden party to be held on July 10 will be completed.

The general meeting of the R.C.O.C. No. 1 Fortress Workshop Company, W.A., will be held at the Y.W.C.A. on Tuesday, July 2, at 7.30 p.m.

Overseas Nursing Sisters Association Red Cross branch, 614 Cormorant, now open daily 10 to 1 and from 2 to 5. All sisters are requested to attend.

The annual meeting of St. Ann's Alumnae will take place at the convent on Thursday evening, at 7.45. Election of officers will take place. All members are urged to attend.

Pro Patria Branch W.A., Canadian Legion, will hold a whist social on Friday evening at the V.W.I. Rooms, Fort Street. Bingo will also be played, and refreshments served.

On Wednesday afternoon, July 3, Archdeacon R. Connell will open the garden party which is being held under the auspices of St. Saviour's Parish at the home of Mr. and Mrs. George McTavish, 733 Lampson Street, at 3.

Columbia W.A. garden party for Diocesan and Dominion W.A. life members will be held tomorrow at Bishop's Close, at the kind invitation of Bishop and Mrs. Sexton, from 3 till 6. Intercession will be conducted by the bishop in his chapel at 5 o'clock.

St. Martin's-in-the-Fields Ladies' Guild will hold its annual garden party on Thursday at the home of Mr. and Mrs. V. L. Jackson, 2943 Tillicum Road, Gorge. The fête will be opened at 3 by Mrs. S. H. Elliott. There will be stalls of home cooking, candy and a miscellaneous stall including aprons and handkerchiefs. Lemonade and ice cream will be sold and tea will be served on the lawn.

Final arrangements for the organizing of "Our Gang," to which wives and sweethearts of soldiers and sailors are invited, will be held on July 2 at the home of Mrs. A. Harrison, 212 Linden Avenue, at 8 p.m. It is hoped that a good turnout of interested women whose husbands are in service will be present at the meeting, when the possibilities of knitting and sewing for the men and doing up and mailing parcels will be discussed.

CHINESE YOUTH ASSOCIATION

At a social gathering of friends from the Medical Aid for China Committee and members of the Victoria Chinese Youth Association, Mr. Roger Lee, chairman, handed to Miss Ruth Kipling the net amount realized from their recent campaign to raise funds for the purchase of an X-ray machine for China. On receiving the cheque, Miss Kipling, secretary of the Medical Aid Committee, thanked the Chinese youths for the wholehearted co-operation and enthusiasm displayed. Mr. C. K. Lowe, speaking for the Chinese Benevolent Association, commended the organization in their efforts towards such a worthy cause. Miss Mary Bong gave the vote of thanks on behalf of the Chinese Association.

U.S. Diplomat's Wife Lauds Response to Evacuee Plan

OTTAWA (CP) — Charming at ease in her new Canadian home, Mrs. Jay Pierrepont Moffat, wife of the United States Minister to Canada, applauded today the response of Canadian women to the plan to evacuate British and refugee children to this Dominion.

She marveled at the manner in which Canadians decided to welcome these children into their homes, and said, "I think it is a splendid idea and it is certainly a great responsibility for which the women are to be much admired."

Mrs. Moffat took a keen interest in Red Cross activities in Washington, where her husband worked in the State Department before coming here recently. Now she intends to join Canadian women in similar endeavor.

"I strongly believe in a national organization whose one aim is to alleviate suffering from mankind," she said.

BORN IN RUSSIA

Daughter of Joseph C. Grew, United States ambassador to Japan, she is a member of one of the foremost American diplomatic families and has seen most of the world as she went with her husband on diplomatic missions.

The youthful hostess of the American Legation was born in Russia.

She lived abroad most of her maiden years and when just out of college married Mr. Moffat, a career diplomat. He took her back to Europe, then to Australia and now to Canada.

One sister, Mrs. Robert English, born in Berlin, is married to a member of the legation staff here. The other sister, born in Vienna, also is married to a diplomat, whose post is in Santiago, Chile. "We each have two children, and they have all been born in different countries," said Mrs. Moffat.

She said she is interested in painting with oils and has done interiors of most of her homes in 13 years as a diplomat's wife.

Wants Catholics to Study Problem

SAINT JOHN, N.B. (CP) — Suggestion that the Catholic Women's League of Canada set up a committee to study the refugee question was made yesterday by Very Rev. George Daly of Toronto, founder of the Sisters of Service, in an address at the league's annual meeting here.

Father Daly said it was an immigration crisis similar to today's that led to organization of the Sisters of Service. The "hope of the country" lay in children and it was essential that Catholic children receive a Catholic education and spiritual protection.

The child refugee matter was no "sporadic venture" because many children, especially those of Belgium, France and the Netherlands, were orphans as a result of the war and would never return to their families.

W.C.A. NOTES

Mr. Gordon Hardy gave a very interesting talk on Monday evening on mining and prospecting to a group of club girls at the Y.W.C.A. During his remarks he showed various samples of ore and answered many questions. Refreshments brought the evening to a close.

On Thursday evening of this week Mr. Jimmie McKeachie will show moving pictures of his recent trip to Scotland. These Monday and Thursday evening programs are open to all girls and young women of Victoria. The summer program is sponsored by the Girls' Work Department of the Y.W.C.A. and folders may be had on request.

The next dance sponsored by the Y.W.C.A. will be held on Tuesday, July 2, from 9 to 12 o'clock at the Crystal Garden. Len Acres' orchestra will provide the music. These dances are open to all men of the three services. Mrs. Ross Crane is the convener of the committee in charge.

Applications are now being received for the Y.W.C.A. camp at Galiano Island. All girls 12 to 16 years of age are eligible for this camp. Trained leadership is available for all types of outdoor activities as well as hobbies and handicrafts. The facilities provided make an excellent opportunity for a holiday for "teen-age girls who enjoy camp life."

HEADACHY?

Don't fool yourself. You may think you're not constipated... but if you're taking a lot of medicine, you're probably taking a lot of medicine. Headaches don't go away unless you get rid of the cause. Headaches are caused by constipation. Headaches are caused by constipation. Headaches are caused by constipation.

When it's "Fine Weather for Ducks!"

"Even the weather can upset a man when he feels as I used to do," says Postman Peel. "My system was so sluggish it dragged on me like a ball and chain!"

Yes indeed... yet this "ball and chain" feeling, wretched as it is, is very often due only to an insufficiency of bulk in the diet.

Post's Bran Flakes help to prevent it. They provide enough natural bulk in the form of bran to keep the food wastes moving promptly.

"No 'ball and chain' feeling for me now," says Postman Peel. "Wet or fine—rough or smooth—life's worth living. And how I enjoy those Post's Bran Flakes every morning!"

HELP keep your family free from the effects of faulty elimination by serving Post's Bran Flakes regularly. They are so appetizing—so convenient. If this doesn't readily relieve constipation due to lack of bulk it's time to consult a physician.

'And When They Ask Us How It's Done'...

Sergeant T. Glendinning, ex-Coldstream guardsman, reads the orders to the quarter guard of ex-servicemen who took over duties at Work Point Barracks yesterday. Bronzed and fit after a refresher training course at Otter Point the old soldiers made a smart showing as they relieved the young men for overseas duty.

'TIL TAKE IT, SON'—and a veteran steps into place as No. 1 sentry while the lad on the left marches off to training quarters.

Veterans Take Guard Duties

The "old sweats" took over at Work Point yesterday.

And they were proud—these veterans of the 1914-18 conflict—to give the younger soldiers a lesson in smartness when, signaling their first official duties since formation of the Veterans' Home Guard, they took over sentry and guard duties at the barracks and the ordnance depot.

The ceremony was symbolic. The old soldiers wore the new battle dress, but with sun helmets, and they carried the old Ross rifles with fixed bayonets.

Service ribbons decorated the left breasts of the veterans as they drew up on the parade ground, in command of Lieut. C. Ball, for inspection by the orderly officer, Col. H. C. Greer, second in command of the military district, watched the inspection and praised the turnout to Major R. B. Longridge, who commands the Vancouver Island company of the Home Guard.

Then they marched to the guardhouse, where the historic performance of "changing the guard" took place. For the moment the old guard of veterans became the new guard and the young men, saying farewell to these duties to prepare for further training, were the "old guard."

As the old sweats took over, they returned easily to the routine of duty.

Many of them have sons in the new army. Several of the men held commissions in the last war but are happy in the ranks now. Lieut. Bell, commanding the detachment, was a lieutenant-colonel in command of the 11th Machine Gun Battalion.

Sergeant T. Glendinning, who read the orders of the day, is a former Coldstream Guardsman. About 40 per cent of the men are ex-Imperial and the others were with the Canadian forces.

Major Longridge said the veterans will progressively take over guard duties throughout the district as their companies come up to strength. Two score ex-soldiers are now going through their refresher training at Otter Point.

DISTRICT DISPLAYS

Probably the most attractive feature of the whole fair at the Willows in past years has been the district displays in the main building. After an absence of one year this competition is to be resumed at the 79th exhibition to be held by the B.C. Agricultural Association from September 7 to 14 inclusive.

The contest is for the J. W. Tolmie Challenge Cup and offers in cash prizes \$950, divided as follows: First prize, \$300; second, \$250; third, \$225, and fourth, \$175. The challenge trophy at present is held by the district of Langley.

This contest was first established in 1911 and public interest has been very keen in the competition. Since its inception, Victoria and district has won the trophy six times; Langley three times; Surrey three times; Richmond four times; Saanich three times; Chilliwack once and Cowichan once.

AMBULANCE MEN

Great interest is being shown in the coming first aid field day to be held at Central Park on July 6, by the St. John Ambulance field day committee. Teams have been entered from Duncan, Nanaimo, Comox and Victoria for the senior and junior events, other entries are expected within the next few days.

On account of July 1 being a holiday, the closing date for further entries has been extended to July 2, all teams intending to compete for the 12 silver cups and prizes, must have their entries in by that date. Local doctors will act as judges.

Lieut. Governor, E. Hamber, Mayor A. McGavin, G. H. Stevens, president of the B.C. Council St. J.A.A., L. Good, president of the local centre, have been requested to make the presentations.

Entries will be received by the secretary at 534 Broughton Street.

HELPING THE TOURIST

Helps
CANADA

EVERY year well over 10,000,000 tourists visit Canada from the United States. They spend some \$250,000,000 in the Dominion. Canada's tourist trade has become one of the most important sources of the country's national income. Under stress of war, American tourist dollars are vital in providing needed exchange. Canada's Chartered Banks materially assist in promoting this valuable trade. Over 3,000 branch offices provide the tourist with familiar banking services throughout the Dominion—often in the most remote areas. At any of these branches travellers' cheques are cashed, drawings under letters of credit negotiated, money exchanged, tourist information gladly furnished by managers and staff. By friendly, courteous treatment and efficient service, Canada's Chartered Banks add to the warmth of welcome and encourage the stranger within our gates to return another year.

In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, all their services to depositors, farmers, manufacturers, exporters—facilitating the nation's business—looking forward to peace with freedom as the only sure basis for enduring prosperity.

Recruits for Canadian Scottish

To tunes played alternately by the regiment's brass band and pipers, recruits to the Canadian Scottish paraded through the streets yesterday behind a smart detachment of the trained ranks. Their theme was "Join the Canadian Scottish Now." The lads in the above photo are mostly from up-island points. They made up the bus load which came from Port Alberni Monday. Included among them are two telegraph operators, one pharmacist, several mechanics, six longshoremen, several loggers and a number of clerks.

PRIZEGIVING AT ROYAL ROADS

Royal Roads School prize-giving was attended by a large number of parents and friends. A short program of dances and drill on the lawn was followed by tea and sports on the playing field.

The program included a folk dance, wand drill by juniors and seniors, a group of dances by juniors and seniors under the direction of Miss Dorothy Cox, the singing games and recitations by the kindergarten and the Royal Roads School song.

Prizes were won by the following: Best all-round pupil, Olga Stratholt; highest percentage, Grade 7, 8, Annette Des Grisey; highest percentage, Grade 5, 6, Doreen Kent-Fawkes; music, Joan Edgar; French, Daphne Stewart; attendance, Diane Houghton; highest percentage, juniors, Jean Anningham; progress, juniors, Christobel Pemker; attendance, juniors, Dargot Bowden; painting, juniors, Judy Pace; special progress, in the kindergarten, Gwen Selterfield, Allan Fulmer, Jacqueline Ebbs.

By the pupils own request they received cards and the money usually spent on prizes was given to the Red Cross. The sum of \$18 being donated.

Smoke Harder To Help in War

OTTAWA (CP) — Canadian smokers will contribute an estimated \$15,540,000 a year towards war costs, according to increased excise taxes on smokers' sundries announced in the budget speech.

Tax on cigarettes has been increased from \$5 to \$6 per 1,000 cigarettes, or about 1-10th of a cent a smoke. Pipe smokers will pay 10 cents a pound more for tobacco, or 35 cents a pound tax in place of 25 cents. Tax on cigars will be doubled, which means there will be a rate of \$1 per 1,000 instead of 50 cents on the cheapest brands.

"To prevent a substantial decline in the revenue from cigarettes and cut tobacco because of these high rates, it has been necessary to impose a tax of 10 cents a pound on the sale of raw leaf tobacco and to increase the tax on cigarette papers and tubes from 2 cents to 5 cents a hundred," Minister of Finance Ralston announced.

"The tax on raw leaf tobacco will only apply on sales of consumers. The grower may sell to the merchant or dealer or manufacturer without tax." The leaf tobacco tax, however, will not come into effect until August 1.

The smokers' tax rates should produce \$11,680,000 in the current fiscal year ending March 31, 1941, it was estimated.

CHINESE BOY DROWNED
PORT ALBERNI (CP) — Big Mah, 14-year-old Chinese pupil of Port Alberni elementary school, was drowned yesterday while swimming in Sprout Lake with a group of children on their school picnic.

A pulmotor was called from here but failed to revive the lad.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile does not flow freely, your food doesn't digest. It just decays in the bowels. One bottle of your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink. A powerful movement down the bowels gets the bile flowing freely and makes you feel "up and up". Bileless and gentle, they make the bile flow freely. They do the work of nature but have no chemical or mercury in them. Ask for Carter's Little Liver Pills to some! Bileless pills are anything but bile.

THE DOMINION SUMMER SCHEDULE

NOW IN TWO SECTIONS

TRAIN No. FOUR Leaves Vancouver 7:15 p.m. Daily

AIR CONDITIONING

Comfort in any climate! Canadian Pacific offers air-conditioning to the "coach" and "tourist" travellers at no additional cost. Regularly assigned air-conditioned equipment (coach and tourist sleepers) gives a cleaner, fresher "controlled climate" within the cars, ensuring a cool, pleasant trip.

NEW TRAY SERVICE

Here are a few items taken from the light lunch menu: Delicious sandwiches, 15c; scrambled eggs with bacon, 20c; coffee, 10c; dessert, 10c. These meals are served directly from the diner, at your seat in coach and tourist cars! Also popular priced table d'hôte meals in the diner.

OPEN OBSERVATION CAR

Here is another treat for tourist travellers on Canadian Pacific, also at no extra cost—for sightseeing comfort Trains Nos. 3 and 4 will carry the semi-enclosed observation car between Vancouver and Calgary, affording an unrestricted view of some of the greatest scenery in the world!

See your local ticket agent or write General Agent, 1102 Government Street, Victoria, B.C.

Canadian Pacific

Always carry Canadian Pacific Express Traveller's Cheques PREVENT FOREST FIRES

TRAIN No. EIGHT Leaves Vancouver 7:35 p.m. Daily

AIR CONDITIONING

The luxury of air-conditioned travelling is in keeping with the high standard of comfort set by this deluxe section of the "Dominion." Carrying only regularly assigned air-conditioned equipment (standard sleepers, diner, lounge observation) Train No. 8 leads the way to a greater enjoyment and appreciation of modern travel at moderate cost.

TABLE D'HÔTE MEALS

Canadian Pacific Service! This byword of the travelling public is in no way greater exemplified than in the diner by the new table d'hôte meals — and they are reasonably priced, too! For instance, breakfast as low as 50c—lunch 75c—dinner \$1.00, on a menu affording wide selection.

LOUNGE AND OPEN OBSERVATION CARS

The most restful and thrilling cars on the train! Luxurious library-observation car and the semi-enclosed observation car (Vancouver to Calgary) offer greater comfort and visibility to enjoy the spectacular scenery of the famous Selkirk Range and Rocky Mountains.

Letters to the Editor

NOT ALONE

To the Editor — The only logical thing to do now is to fight and keep on fighting until victory is assured. Most people realize by this time that this war is not the result of natural race antagonism but a carefully-manoeuvred affair, gradually built up by years of plotting and hoodwinking, not only of the German people but also of ourselves. Mr. Hitler is not in this alone. He must have had for many years the co-operation and support of many powerful men in the democracies, and it is obvious in many cases how many have been deliberately sold.

LILLIAN COX
R.M.D. 4, Victoria.

NOW IS THE TIME

To the Editor:—On Sunday a cleric was heard over the radio to say that men who were rejected as not up to the military standard were roaming the streets. In Saturday's paper one reads of a possible shortage of labor on the farms. Why not draft and train the men for this or any other suitable work?

If they have volunteered to help to save us we must now help to save them from unemployment. About the unemployment insurance, let us be sure there will be no profiteering. If a man refuses to work and expects to receive something for nothing he must be thoroughly examined to find out what is wrong with him. An eminent doctor said: "There is no such thing as a lazy man. Physical or mental disease was the cause of such so-called laziness." Let us solve our problems as we go. It is our salvation.

Now is the time for democracy to progress and down with all hinderers, God Save Our King.
GRACE JONES
Saanichton.

SCARING TOURISTS OFF

To the Editor — The Canadian government is now running an extensive and expensive advertising campaign in American papers and magazines, extolling the advantages of Canada and soliciting Americans to spend their vacation in neighborly Canada.

This effort is rendered ineffective as per the following, viz: A friend of mine recently vacationing in Canada returned chagrined, embarrassed and deeply mortified by the reception accorded by some Canadians, who seeing an American license plate caustically shouted "Why ain't you at war?" "Why don't you help us?" and other uncomplimentary remarks. Also in conversation with Canadians our apparent shortcoming is sarcastically referred to.

I know this is not the attitude of the Canadian government, press nor thinking Canadians. Therefore, I ask that you give this matter considerable publicity, either by editorial comment or publication of this letter. Don't allow the unwitting to engender animosity and kill the goose that lays the golden egg.
J. T. JOHNSON
244 Boulevard of the Allies,
Pittsburgh, Pa.

CUT THE RED TAPE

To the Editor:—In these anxious days, when all England cranes its neck towards the Atlantic, searching for "clouds of planes" and experienced pilots, Canada, her air training scheme as yet in its infancy, promptly falls down on the job and, according to reports, Vancouver alone turns down 400 American airmen (mostly with pilot's licenses) in order to "give our own boys the preference." Beside these partly trained men, our splendid but inexperienced "own boys" pale in value at this present momentous hour.

If Canada, with the same inexplicable clog still clogging her democratic wheel, allows these sons of our good neighbor to slip through her foolish fingers, would Great Britain, now wide awake, and fighting for dear life, be so utterly stupid?

Doubtless, the British government is quite unaware of this timely invaluable offer, which should immediately be communicated by cable, and the disgusted but willing 400 dispatched without delay.

Come democracy, cut the red tape, and oil those tardy wheels.
MONA BRUCE.

IF
To the Editor:— One often hears the remark: "What can the States be thinking of?" I therefore venture to send you a few thoughts which have afforded me a measure of comfort, in the hope that they may do the same for others.

If upon receipt of the moving appeal from Premier Reynaud, President Roosevelt had asked the Congress for a declaration of war and become by the same responsiveness shown in 1917 and a thousand planes could have been—and had been flown across the ocean, the effect on France would have been only sentimental, for the real problem would still have remained—to service the planes after arrival.

It does not appear that the spirit of France has been at fault, though two colossal blunders have gone far to render that spirit impotent. The effort of Germany would have been exactly nil, for she would know that the States could exert no influence on the effort of France, on which she staked all.

In the States, a declaration of war might well have produced that chaos which Hitler has boasted he would bring about there, if America made the slightest move to join the Allies. There is much inflammable material there, and many groups still stoutly opposed to participating in war across the Atlantic, and it must be admitted, with some reason, when we consider the results of England's aid in France. It would require at least six months to build up any sort of a war machine—to oppose one which has been preparing for six years—and Hitler proposes to end the war this summer. It may well be that the Roosevelt administration has felt that it could render more effective aid during this critical period without a declaration of war than with one.

The United States possesses one of the most carefully-guarded inventions in the world, the bomb sight, almost miraculous; also a bomb concerning which the silence may be eloquent. It would not surprise me if both these instruments of destruction should make a clearance in Britain this summer, not to mention help upon the sea and in the air. When we consider the lack of confidence felt in the English government of the past decade, almost universal, held in the U.S.—and the feeling that in the last war their boys died in vain, it is perhaps not wondered at that the country has been slow to realize the situation, especially in view of the years of Nazi preparation there.

H. H. WILLCOX
Uplands.

25 Years Ago

JUNE 26, 1915

LONDON—There is a pause at the present moment on both battle fronts on the continent. The British public, with breathless expectancy, awaits the next move. It is conceded that this move is Germany's, and that it may be against either Warsaw, Paris or Calais.

LONDON—Canadian troops were once again called upon to show their superiority over the Germans, and once more succeeded. They were sent into action at a point near La Bassée in a three-day battle lasting from June 15 to June 17, and captured four lines of trenches.

TACOMA—A. V. Macan, Victoria, was elected secretary of the Pacific Northwest Golf Association at a meeting held at the Country Club.

NEED GROWS FOR HOSPITAL WING

Further demonstrating the existing need of more accommodation and facilities at the Royal Jubilee Hospital are the figures which reveal the terrific volume of examinations, X-ray treatments and prescriptions that are handled by the institution. The volume has been gaining steadily during the past few years so that the directors could no longer

postpone the date for construction of a new wing, for which they ask public support.

Nearly 29,000 prescriptions were filled by the hospital pharmacy last year, while the pathological laboratory made 32,195 examinations. The X-ray department made examinations of and gave treatment to more than 19,000 persons during the same period.

It is by bringing such facts as these to the attention of the public that the directors hope to formulate in the minds of all citizens the need for generous

support of an institution that is safeguarding the public's health, and bringing succor to those in distress.

Directors of the hospital will supplement their personal canvass of private citizens, now in progress, by launching a drive for public subscriptions during the week commencing July 7.

For its citrus groves and other farming ventures, Palestine is now making locally 30 to 50 per cent of the in-ticides it needs.

Rubber that conducts electricity has been produced in England.

Saanich Finding Plenty of Water

Test holes at Cordova Bay which Saanich is drilling to determine the possibility of creating a municipal water supply already are pouring forth enough water to supply the municipality at the present rate of consumption.

This was the report presented to the council last night by H. H. Allen, municipal engineer, who said one of the three 12-inch holes drilled was pouring at the rate of 450 gallons a minute.

A second 12-inch hole is supplying about 350 to 400 gallons a minute while the third, which is not being pumped to the limit, is supplying 200 gallons a minute.

This total output of 1,000 gallons a minute is close to present consumption rates of 1,100 gallons a minute at peak periods during the summer months, and well above the 800 gallon a minute maximum requirement for winter months.

Pumping will be continued throughout the summer on a testing basis and officials are confident the supply will continue without loss in the main source of supply, 65 feet below the surface.

Present holes have shown indications of being able to carry even a heavier load than they are doing at present. It is desired, however, to stabilize the output at a figure which would care for any population increase for many years to come.

SAANICH PLEDGES AID TO REFUGEES

The Saanich Council last night pledged itself to co-operate to the fullest extent in the move to find homes for British refugee children in the municipality.

The council agreed to place at the disposal of the provincial committee in charge of this work, the now vacant Saanich Health Centre, as a distributing centre for the children.

The action followed reading a letter from Dr. G. F. Amyot, provincial health officer, asking co-operation of municipal health authorities in the work. This also was promised to the limit of the corporation's ability.

SAANICH BRIEFS

Various traffic restrictions aimed at protection of road surfaces, curbing speed in certain sections and reclassifying as arterial highways, were proposed in by-laws given preliminary readings by the Saanich council last night.

One by-law prohibited anyone from driving, operating or hauling any vehicle or object on municipal roads likely to damage the surfacing. This regulation has been necessitated by recent complaints of damage caused by farm implements hauled along the highways.

Twenty-five-miles-an-hour zones were set up on Cadboro Bay Road, from the Oak Bay boundary to the corner of Tudor Avenue, and on Cordova Bay Road from Francis Avenue to the C.N.R. right of way.

Cordova Bay Road from the east boundary of Mt. Douglas Park to the C.N.R. right of way, and Cadboro Bay Road from the Oak Bay boundary to a point near Tudor Avenue were designated arterial highways.

The government circular curtailing provincial contributions to relief for employable single men 49 and under, and to employable heads of families 39 and under was read to the council by G. C. Watkins, relief officer. Mr. Watkins reported 18 married men and two single men were affected by the order.

Silent tribute was paid to the memory of the late H. E. Tanner, Saanich pioneer, former councillor in 1914-18, and member of the provincial Legislature before that. Condolences were forwarded to the bereaved family.

The council authorized purchase of \$3,000 worth of Saanich bonds in response to two offers. From Pemberton and Son was purchased \$1,000 worth of 5 per cent bonds, due 1951, yielding \$187.50, at \$105.45, and from Henry and Hepburn was purchased \$2,000 worth of 5 per cent bonds, due 1959, yielding \$4.80, at \$102.50.

Reeve Lambick, Councillor J. R. Seoby, Ward Three, and W. A. Greene, clerk, were named delegates to the Union of B.C. Municipalities' convention in Revelstoke on September 17 and 18.

The council accepted the invitation to attend the A.I. Sooko Day, July 6, at Sooke flats.

The 51,000,000 outcasts of India's Hindu world are now called the "scheduled castes."

The first semaphore telegram sent in 1794 sped war news of French victory over the Austrians.

12 CANADIANS REPORTED MISSING

OTTAWA (CP)—The National Defence Department in its fifth casualty list for the Canadian Active Service Force overseas announced today that 12 more men have been reported missing. This brings the total to 34 of C.A.S.F. men missing, presumably during the operations in France of some units earlier this month.

Previous casualty lists showed 22 men had died since the First Division arrived in England last December. These deaths all occurred during training with the exception of one or two fatal accidents in France, it is understood.

Following is the new missing list:

Royal Canadian Artillery—Capt. Munro Joseph Daggitt, next of kin Mrs. Mary Daggitt (mother), Winnipeg; Stanley Milton Lewis, next of kin Mrs. Evelyn Florence Lewis (wife), Kingston, Ont.

Royal Canadian Engineers—Sapper Clement Julien, next of kin Miss Annette Julien (sister), St. Anaclet, Que.; Sapper Fraser Peter Hutchinson, next of kin Mrs. Gertrude Hutchinson (wife), Port Wallis, N.S.

Infantry—Pte. Maurice Hector Corbould, next of kin Mary Helen Corbould (sister), Buenos Aires, Argentina; Pte. George Thompson, next of kin Mrs. Edith Doggett (sister), Toronto.

Royal Canadian Army Service Corps—Pte. William McBurnie,

SIDE GLANCES

By Galbraith

"Remember: If you come home late for supper again I'm going to whittle the tar out of both of you!"

next of kin Mrs. Catherine McBurnie (wife), Toronto; Pte. Edmund Abner Youngs, next of kin Mrs. Mary Youngs (mother), Stratford, Ont.

Corps (attached Royal Canadian Army Medical Corps)—Driver Clifford Caleb Barnum, next of kin Mrs. Beatrice Barnum (wife), Toronto; Driver Arthur Douglas Causton, next of kin Mrs. Margaret Causton (wife), Toronto; Driver Percy Charles Scotland Webb, next of kin Mrs. Edith Webb (mother), Toronto; Driver Gordon Frank Whitten, next of kin Mrs. Ruth Kirch (mother), Toronto.

No Pensions

OTTAWA (CP)—The government bill to amend the Naval Service Act to bring civilians serving with the naval service under navy discipline finally passed the Senate today with an amendment to ensure that such civilian workers receive no compensation or pensions for illness or disability incurred on naval duty.

If the amendment were not made, Senator Arthur Meighen, Conservative leader, pointed out such civilians might constitute a "tremendous financial responsibility" to the Dominion treasury.

The Saanich School Board last night received a cheque for \$887 from the Craigflower School Board, representing the balance of the account due for tuition of children at Craigflower School during the first six months of last year. The board already had received \$2,500 on the account.

Pineapples have been known to weigh as much as 20 pounds.

AUSTRALIA PLANS BIGGER WAR EFFORT

SYDNEY, Australia (CP)—Confident the United Kingdom can hold out against Nazi invasion while the Empire's inexhaustible strength is massed, Australia is mobilizing her resources to throw into the fight.

Private factory resources are to be mobilized, supplementing government establishments, with the object of assembling 150,000 munitions workers for a program to cost \$50,000,000.

In addition to the division already overseas, 50,000 have enlisted in the Australian Imperial Force and thousands more are joining daily. Plans are shaping up to enlist a total of 250,000 men for home and overseas service.

For air force service, 1,000 air crew and 10,300 ground staff personnel are in training. More than 10,000 others have been accepted and are to start training shortly.

A New Zealand mission headed by Hon. D. G. Sullivan, Minister of Supply, is discussing with the Australian government means of pooling the war resources of the two Dominions.

Surveyed Iceland

HALIFAX (CP)—German air men, in the guise of glider instructors, carefully surveyed Iceland last year, Haraldur Arnason, director of Iceland's chamber of commerce, told Halifax reporters. He is in Halifax en route to Reykjavik from New York.

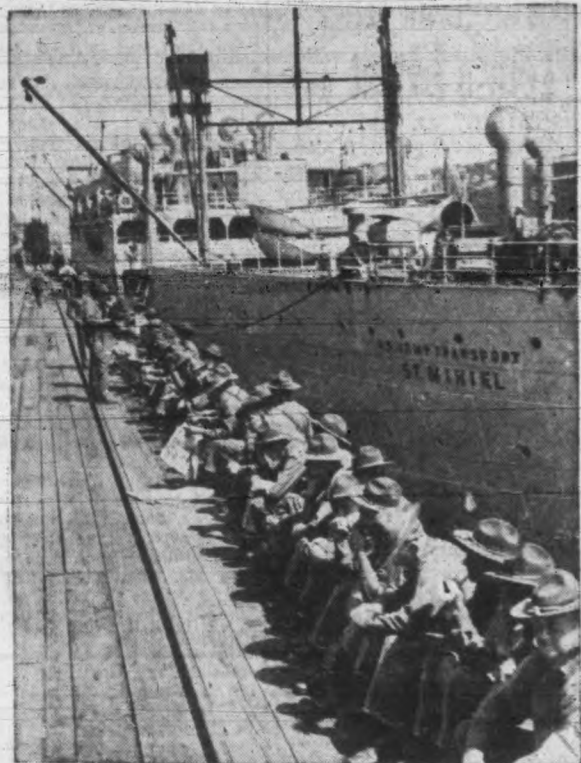

The people of his country now guarded by Canadian and British troops—believe the Nazis have mapped sites from which to launch air or sea attacks on either the United Kingdom or Canada, Arnason stated. The "glider instructors" established an excellent landing field in their lengthy visit, but it has been destroyed by Tommies.

Marched In to Sign

A German officer, left, solemnly salutes a fellow Nazi as the latter escorts the French delegates who signed the armistice with Nazi Germany in the fateful Forest of Compiègne. (Radiophoto).

To Defend Air Base

A defence force of 700 United States soldiers sails from Seattle on the army transport St. Mihiel for Anchorage, Alaska. Transferred from Fort Missoula, Montana; and Fort George Wright, Spokane, the troops are being moved in the greatest secrecy—for defence of Alaska's new air bases.

Snug in a 'Better 'Ole'

"Old Bill," famous World War cartoon character, couldn't find a "better 'ole" than a shell crater in the middle of No-Man's-Land. But Lance Corporal Harris, as seen above, does a little better for himself. Corporal Harris, who strikingly resembles the cartoon comic, is getting a quiet smoke behind a sandbag barricade at a British Auxiliary Pioneer Corps training camp.

For Refugees

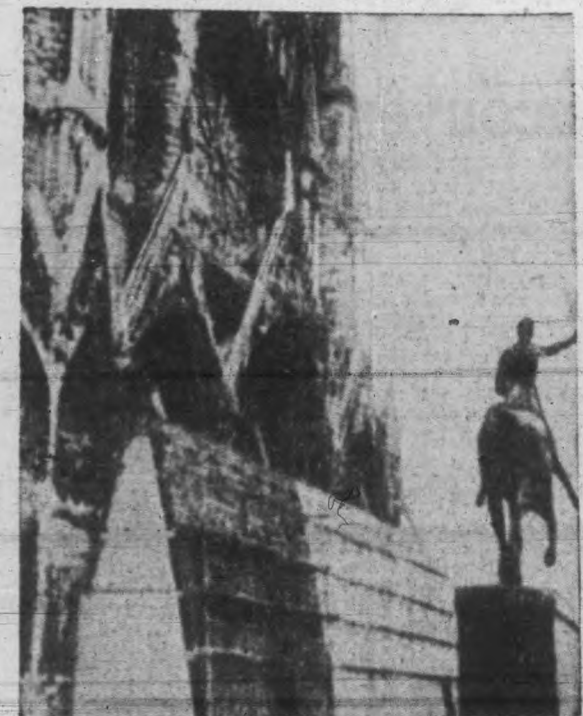

Doing their bit to aid France's homeless refugees, film actresses Constance Bennett, Dolores Del Rio and Claudette Colbert gather clothing at Hollywood's newly-opened headquarters for the international committee for refugees in France. Garb gathered will be sent to war-torn countries in Europe.

IN COALITION CABINET—President Roosevelt's nominations to Congress for secretary of war and secretary of the navy are Henry L. Stimson, left, and Col. Frank Knox, right, respectively. Col. Knox, Chicago publisher, was Republican candidate for the vice-presidency in 1936 and Stimson served as secretary of war and secretary of state under two separate Republican administrations. (Acme telephoto).

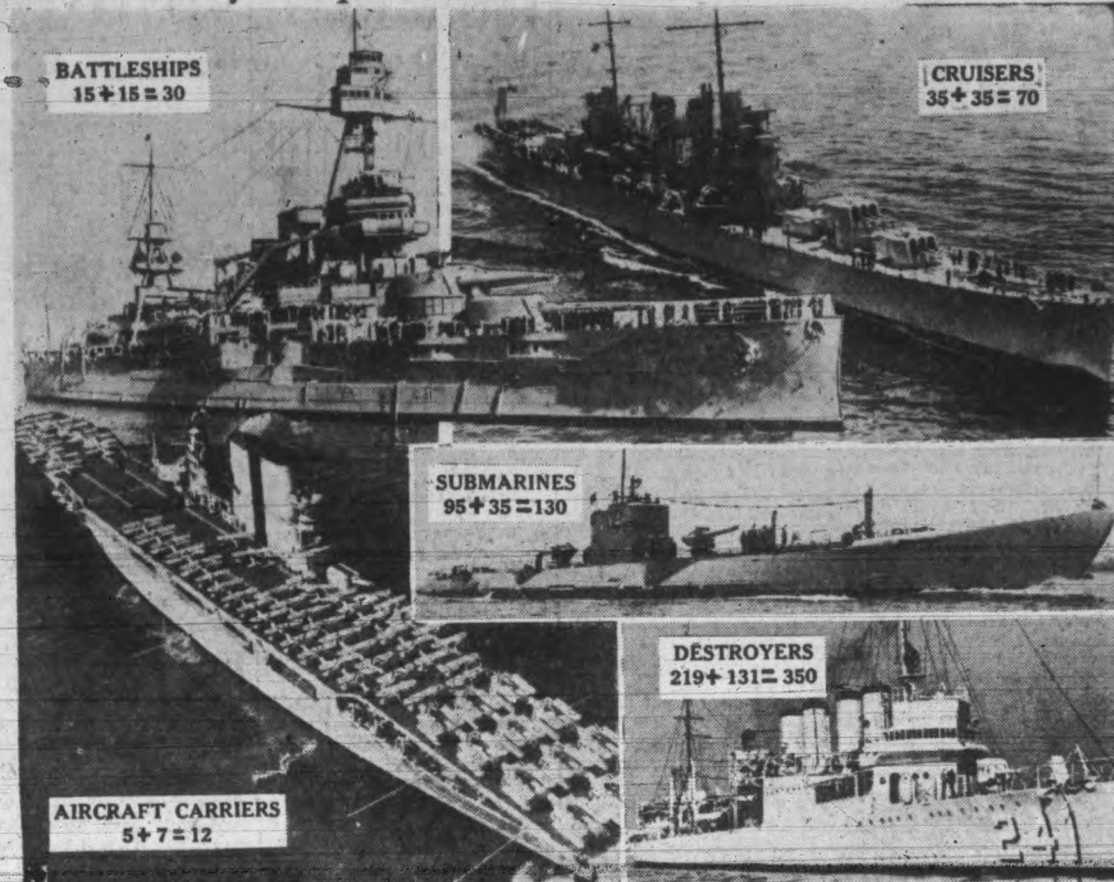

Flying 525 miles from bases in the British Isles, Royal Air Force squadrons rained bombs on Genoa and Turin, important industrial cities in northern Italy. Pictured here is Cornetto Plaza in the centre of Genoa, chief trading port and capital of Liguria.

UNHARMED—Reims Cathedral and the famous Joan of Arc statue remain undamaged despite German occupation of Reims. (Radio photo.)

Greatest Navy Proposed for the United States

A navy of titanic proportions—twice the size of either the present British or American fleets and far larger than the present combined fleets of Germany, Italy and Japan—is visualized in the proposed "two-ocean" naval expansion program of the United States. Pictured above are the five chief elements of the American navy. Figures below each show present number of each type of craft, plus additional number planned and eventual total. The program would give the United States a total naval tonnage of under-aged war vessels of 2,970,000 tons. Combined with coverage craft the total tonnage would be 3,670,000 tons.

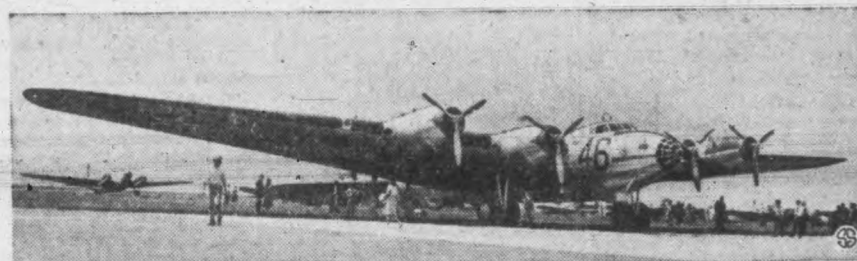

RELAYED ARMISTICE PLEA—Marshal Petain's first act as new Premier of France, a plea to Germany for cessation of hostilities, was carried out through his friend and one-time military pupil, Generalissimo Francisco Franco, above. The Spanish dictator relayed Marshal Petain's message to the German High Command.

Fire-hose Cools Mexican Hotheads

The end of an election campaign riot in Mexico City. Over 40 persons were injured in clash between Young Socialists and law student supporters of Gen. Juan Almagan. Photo shows friend and foe alike fleeing up the street as police use fire-hose to disperse the mob.

The "Flying Fortress," largest airplane in the service of the U.S. Army, officially known as the B-15 heavy bomber, is shown in Washington. Made by the Boeing Aircraft Company, the ship weighs 30 tons, has a wing spread of 150 feet and is powered by four engines of 1,000 horsepower each. It carries a crew of eleven, and full living quarters are provided on board. Machine guns are mounted in blisters on the fuselage, and a large load of bombs can be carried. Air Corps officials state that this is larger than any plane now in use in the European war. It has been suggested that United States should make a number of these fortresses available to Britain.

Testing Menus for Healthful Eating

Young Joe, second from the left above, flirts with his sister, while waiting for a visiting homemaker to serve one of the many meals prepared to test food tables and budgets before they were included in the Canadian Medical Association's new booklet, "Food for Health in Peace and War." The four motherless children above are members of a Canadian family in whose home the tests were made before the booklet was printed earlier this spring. Right, a visiting homemaker leaves a copy of the new booklet, which tells Canadian housewives how to prepare wholesome meals at low cost to aid Canada's war effort by keeping the nation's health at high level.

HOME GUARD—Great Britain takes note of the home front's increased importance by appointing Sir Robert Gordon-Finlayson, above, general officer commanding in chief of British Isles' western command. He was one-time head of British troops in Egypt.

Harry Givan Is Medalist

Sports Mirror

By PETE SALLAWAY

WORD HAS BEEN received from Minneapolis that Bill Dale, outstanding 880 yard runner from Victoria now attending Washington State College, has been suffering from a diaphragm injury, which answers the question of followers of the local boy's performances. "Why hasn't he been mentioned in the recent meets in which he was scheduled to run?"

Dale tore his diaphragm loose from his ribs and was unable to run for 10 days previous to going to Princeton. He ran in the meet there strapped up with a rubber bandage and did remarkably well under the circumstances, placing fifth.

At Evanston in the Western Conference-Pacific Coast Conference dual meet on the track of Northwestern University, Bill placed sixth. Storti, who Dale has beaten eight times in his career, placed second in the contest.

At Minneapolis in the national collegiate meet in which Lee Orr of Vancouver, teammate of Dale, scored a smashing win in the 440, the local runner got into the finals by placing third in his heat.

Dale will be back in Victoria July 2 or 3. On July 1 he will run with Coach Archie McKinnon's flying "Y" track and field team, in which he started his running career, in the Vancouver Police Meet at Hastings Park on the mainland. He will run the 880 and 440.

Announcement yesterday of the cancellation of the Canadian amateur golf championships, at Edmonton next month, no doubt came as a distinct surprise to British Columbia's leading golfers. A lot of the boys had been counting on visiting the Alberta city and less of the trip will prove a big disappointment. One Victoria player would have been on the B.C. team. Ken Lawson, holder of the city crown, was invited to go but turned down the offer and it was likely that a play-off would have decided the local representative to travel along with Ken Black, Jim Robertson and Eddie Sharpe all of Vancouver. Now all plans are thrown into the discard and the amateurs will remain home.

The sight of a major league baseballer wearing glasses on the field is not nearly as rare as it once was. Outfielders Mel Ott of the New York Giants; Paul Waner of the Pittsburgh Pirates and Ben Chapman of the Cleveland Indians are the latest to don the window panes. They bring the American and National League lens-wearers' total to eight.

Another Pittsburgh ace, Pitcher Danny McFadden, has been wearing specs, and winning games, for years. Pitchers Walter Beck of the Phillies and Bill Dietrich of the Chicago White Sox are others. Two newcomers this year with specs are Dominic DeMaggio, high-priced rookie fly-chaser and Russ Peters, Cleveland reserve infielder.

California Clubs In Coast Hockey

PORTLAND (AP)—Three teams—Hollywood, Los Angeles and Nanaimo—have been added to the Pacific Coast Professional Hockey League, Bobby Rowe, Portland owner, announced yesterday.

Rowe was authorized last year to negotiate with California representatives for expansion of the league, which had only three teams in 1939—Seattle, Portland and Vancouver, B.C.

The Hollywood and Los Angeles teams will play in a new arena under construction on Palomar Square in Los Angeles, Rowe said. A \$91,000 ice rink was completed recently at Nanaimo.

JASPER, Alta.—Cancellation, due to war conditions, of Canada's first summer ski meet, was announced today by executives of Jasper Park Ski Club. The competition, scheduled for July 1, was to have been staged in the snow basins of Mount Athabasca in Columbia Ice fields, Jasper National Park.

Veterans Take 12 to 1 Beating

Victoria Longshoremen scored another triumph in senior A softball at Athletic Park last evening. This time it was over Brundson's Veterans 12 to 1.

The other senior game between Cameron Lumber Company and Garrison was postponed.

The Longshoremen went to work on the Veterans from the start and in the first inning sent Eric Moir from the hitlock before he had time to look around. They scored half of their runs in the opener, three more in the fourth, one in the sixth, one in the seventh and one in the eighth.

Brundson's lone run came in the seventh.

Ten batters went to the plate in that opening inning. Harold Turner took over the pitching chores for an air finally stopped the parade.

The three runs in the fourth came when Burgess Berry, husky catcher, clouted a homer with two men on bases. The one run in the seventh was scored by Rogers Hornsby on a circuit smash.

Byers was the winning pitcher.

In C-section play last night Western Air Command beat Camerons 28 to 11 and Central Monarchs defeated Spencers 6 to 3.

Esquimalt A.A. scored a 7 to 6 win over 15th Field Ambulance in D section.

FLIGHT RESULTS IN TENNIS EVENT

Flight results yesterday in the annual C.P.R. tennis tournament follow:

Men's Singles
W. Harrison defeated C. Margison, 3-6, 6-3, 7-5.
E. Clarke defeated R. McKenzie, 7-5, 6-1.
J. Anderson defeated C. Clarke, w.o.

T. Wilson defeated C. Sutton, w.o.

E. Clarke defeated W. Harrison, 6-3, 6-1.

H. Bleasdale defeated H. Robbins, w.o.

H. Reed defeated F. Arnot, 12-14, 6-4, 6-2.

R. McInnes defeated J. McPherson, w.o.

Women's Singles
D. Newman defeated D. Brothers, 6-2, 6-1.

L. Kitchen defeated J. Peetz, 2-6, 6-2, 6-2.

Men's Doubles
J. Clarke and O. Goldsmith defeated H. Robbins and C. Sutton, w.o.

T. Wilson and R. McKenzie defeated F. Arnot and A. Rogers, w.o.

Women's Doubles
Mrs. Pritchard and J. Peetz defeated Mrs. Lines and F. Foulds, w.o.

K. Cornish and E. Scholes defeated Mrs. Stewart and A. Dibb, w.o.

Mrs. Pritchard and J. Peetz defeated B. Pennock and P. Holden, 6-2, 6-2.

Mixed Doubles
K. Harris and J. Anderson defeated D. Brothers and C. Haggard, 6-0, 6-1.

The rest of the matches were won by default, and the following were declared winners: K. Harris and J. Anderson; M. Steele and T. Wilson; N. Ferguson and W. Harris; P. Lockie and M. Winkler; E. Foulds and H. Reed.

WOMEN'S GOLF

Women members of the Victoria Golf Club held an invitation day yesterday with a large number of the city's fair club swingers taking part.

For the visitors in A class, Mary Young was the leader, with Mrs. B. H. Anderson second, while Mrs. I. South and Mrs. Alex Strath were first and second, respectively, in B division. Mrs. Sheffield was the leader of the home club players in A class, while Mrs. McLaughlin and Mrs. Brown divided the B prize.

North Shore Upsets Richmond Boxla Club

VANCOUVER (CP)—Richmond Farmers' hopes of recovering their briefly-held position at the top of the intercity Box Lacrosse League were shadowed today by a 22 to 16 defeat imposed last night by the surprising North Shore Indians.

It was Indians' third win this season and did not alter their fourth-place position in the league, but Farmers were prevented from going into a tie with the first-place New Westminster Adanacs.

Mother's Celebration
MELBOURNE, Australia.—Although Dr. Lonsdale Greig is serving with the Royal Army Medical Corps overseas, his mother celebrated his birthday with a party at a downtown hotel here, taking her dinner guests to a ballet.

SPRITELY 'DIVE BOMBERS'—Water sprites at Long Beach, Cal., are making a great big splash with a new game—"dive bombing"—a target with harpoons as they plunge into the swimming pool. Here's how it's done.

Dodgers Still Skid

Beaten by Chicago

There is no time like midnight to unmask a miracle.

The Chicago Cubs did it last night, revealing even to the stout-hearted Flatbush fans that the Brooklyn Dodgers are no wonder-workers and that it will take a long and bitter battle to bring the National League pennant to Ebbets Field.

Of their last nine decisions the Dodgers have dropped seven. That scarcely is a championship pace. The fact that it took 26 innings in two games to beat Brooklyn the seventh time, 8 to 3, couldn't cloak the Dodgers' disappointing slide.

Trailing by one run as they went to bat in the last of the ninth, the Dodgers got a 3 to 3 tie when Babe Phelps opened with a home run. Pitcher Hugh Casey was called out on strikes, but Pee-wee Reese tripled.

Then manager Gabby Hartnett of the Cubs ordered Cookie Lavagetto and Dixie Walker purposely passed to fill the bases so old Charley Root could pitch to Joe Medwick.

FIVE ERRORS
On the first pitch Medwick grabbed a double play grounder to short. That was the ball game.

The Dodgers made five errors and virtually gave the contest to the Cubs.

The only other game in the National League saw the Pittsburgh Pirates outlast the Phillies to win 9 to 7 and rise into fifth place again.

The day was a big but generally ineffectual interim in the American League, where the Cleveland Indians stopped the New York Yankees 5 to 3 while Boston and Detroit were standing each other off in a doubleheader.

The Red Sox routed Schoolboy Rowe for his first defeat in taking the first half of their doubleheader 11 to 7. In the second game Hal Newhouse stopped the Red Soxers cold with four hits and seven strikeouts to win 5 to 1.

The St. Louis Browns, eager to pass the Yanks, had quite a struggle.

Tracksters Travel

Invade Vancouver

Victoria will be strongly represented at the annual Vancouver Police Mutual Benevolent Association track and field meet July 1 at Hastings Park.

Last year's grand aggregate winner, Joe Addison, "the Flying Cop" from the Victoria Police Department, will head a team of 18 seniors and juniors from the city.

Addison, who last year swept the open and police events in grand form, will compete in police events only this year. He will run the 100 yards dash, 220, 440, 880 and the 100 yards in uniform.

Two other bluecoats will be taking part. They are Bill Thompson and Dan Doswell, well-known athletes of the Oak Bay force.

Thompson will run the 880 and 440 police events and will compete in the 16-pound shot, discus, 28-pound weight and javelin throw open contests. Doswell will run the 440.

The remaining local contestants will compete under the colors of Coach Archie McKinnon's flying "Y" track and field team.

DALE RUNNING

They will be headed by Bill Dale, who has been running for Washington State College the last three years. Dale will compete in the 880 and 440 open events.

Other seniors will be John Stewart, 100 and 220 sprints; Grant Willis, 880 and mile; Joe Linn, 220 and broad jump, and Art Brookman, 100 yards open, 100 yards junior, 440 junior and high and broad jumps open.

Juniors will be Bill Clarke, 100 and 440; Rolly Dodwell, 160 and 440; and Alan Macfarlane, 440.

A team composed of Dale, Addison, Stewart and Clarke will run the 880 (4 by 220) yards open relay. Thompson and Brookman will be spares.

Soccer Final Set Saturday

Vancouver Island final of the Dominion Challenge Cup soccer series will be played Saturday evening at 6.30 at Macdonald Park, Axel Kinnear, secretary of the Victoria Football Commission announced today.

According to word received from up-island, Cumberland Rangers will field their strongest team against Victoria United in the fixture which is expected to attract considerable interest.

Rangers will form the backbone of the team, but several outside players will be included. They will be Jimmy Tantrum, John Peffer, Alvin Parks and Jack Tantrum. With few exceptions the line-up will be almost the same as that of the upper island team which defeated Victoria in an exhibition game at Nanaimo May 24 of last year.

Murray of Vancouver will referee.

DERBY STAGED

Happy Valley school boys staged a soap box derby over the weekend to raise funds for the Junior Red Cross Branch of the district.

The derby was staged on Rocky Hill. Several events were staged for boys of different ages.

Those who took part were Ronald Gill, Tom Bradley, Wallace Bailey, Keith Hobbs, Denton White, George Heaslip, Andrew Reid and Billy Geddes.

Pigeon Racing

The Victoria and District Racing Pigeon Club held a race from Medford, an airline distance of 426 miles, over the weekend. Eight members competed and 36 birds were liberated.

Results follow:

	Hr.	Min.	Sec.
Bowcott's Jumbo	18	30	31
Tait's Joey	18	31	—
Tait's Trusty	18	31	12

Wally Shulz Breaks Neck Making Dive

SEATTLE (AP)—Wally Shulz, 19, northwest and Pacific coast middle-distance swim champion, was in a hospital today with a broken neck, result of hitting bottom in a 16-foot dive at Laurel-hurst Beach Club Sunday.

Dr. Patrick J. Gallagher said yesterday that Shulz's swimming days are over for a long time, but that his condition was "fairly good."

TOM COOPER KILLED

LONDON (CP)—Tom Cooper, former England soccer captain, was killed yesterday when his motorcycle collided with a bus near Alderburgh, Suffolk.

Cooper played for England against Scotland, Ireland and Wales between 1928 and 1935. He has been on the rosters of Sheffield Wednesday, Derby County and Liverpool, major league teams.

tom in a 16-foot dive at Laurel-hurst Beach Club Sunday.

Dr. Patrick J. Gallagher said yesterday that Shulz's swimming days are over for a long time, but that his condition was "fairly good."

Eagles-Athletics In Baseball Clash

Eagles and Tillicum Athletics will provide the opposition for tonight's senior baseball engagement at the Athletic Park, starting at 6.

On Monday night the lodge-men got back into winning stride by taking the Navy 20 to 1. Another win tonight will put them right in the running in the Rithet Cup series.

Russ Richardson is expected to pitch for the Eagles and Lloyd Cann for the Athletics.

Grudge on Baer Tony's Latest

SUMMIT, N.J. (AP)—Tony Galento, at 240 pounds, is a mere shadow of his former self, and every inch of his 42-inch circumference bristles with a grudge.

The grudge is against madcap Maxie Baer. And if you've ever seen one-and-a-half ton's waistline bristling, you really should come up and see him sometime.

Tony tangles with Maxie in the Jersey City ball park, Tuesday, for 15 rounds, or less, in a brawl for the championship of the screwballs and presidency of the whackos.

It seems the keep-shaped gent from Jersey hasn't felt the same about Maxie ever since he, himself, took all of Joe Louis' Sunday stuff last June and then recalled that Baer had been accused of "quitting" to the Brown Bomber back there five years ago.

"Imagine any bum quitin' to Louis," he shouted. "And imagine dat bum out of all of dem doin' it."

So Tony collected himself a home-made grudge because of it.

TOM COOPER KILLED

LONDON (CP)—Tom Cooper, former England soccer captain, was killed yesterday when his motorcycle collided with a bus near Alderburgh, Suffolk.

Cooper played for England against Scotland, Ireland and Wales between 1928 and 1935. He has been on the rosters of Sheffield Wednesday, Derby County and Liverpool, major league teams.

tom in a 16-foot dive at Laurel-hurst Beach Club Sunday.

Dr. Patrick J. Gallagher said yesterday that Shulz's swimming days are over for a long time, but that his condition was "fairly good."

With 30 seconds left in the game, Wally Williams got away

Bischlager Boxla Star, Overtime

Harold Bischlager was the fair-haired boy in last night's spectacular 23 to 20 overtime win for Alert Service over Jokers in senior boxla at the Willows Sports Centre.

The chunky Alert forward knotted the score at 17 to 17 with three minutes left in the game to force overtime play, and in the extra session after the score had been tied 20 to 20 he whipped in the winning goal on a bullet-like shot. Incidentally that goal came with only 15 seconds left in the second five minutes of extra play.

The game was one of the finest seen this season. Score was always close and in the fourth period especially action was so fast that the fans were on their feet practically the full time.

It was a heartbreaker for Jokers, who played their best game, never letting down on their offensive. Goalie Jim Skellern, a member of the Revellers senior Canadian football squad, playing his second full game in the nets, turned in a brilliant performance. He was credited with stopping 51 shots, while Ernie Gawley in Alert's goal blocked 32.

SCORE 7 TO 7

The servicers led Jokers at the end of the first period 5 to 3, but at half time the score stood at 7 to 7. At the three-quarter mark Alerts had a 13 to 12 lead.

At the start of the fourth period McDonald, husky Alert forward who led in scoring with eight goals, two of which came in overtime, went down the floor and scored on a long shot, making it 14 to 12. Pud Pridham came back for Jokers on the next play and soon after Clarence Uttke, who led Jokers' scoring with five markers, shot a long one past Gawley to tie the score at 14 to 14.

With three minutes gone McDonald fired another long one that beat Skellern, but McSween twisted and dodged through Alerts' defence and sagged the nets to deadlock the score once more. Daryl Coats put Alerts into the lead 16 to 15 with eight minutes to go when he got away from Andy Overchick. Three minutes later Ludbrook made it 16 to 16 on a pass from Uttke. Overchick put Jokers into the lead with three and a half minutes left on a spectacular underhand shot past Gawley as defencemen bounced him to the boards. But a few seconds later Bischlager saved the day for Alerts by knotting the score again.

With 30 seconds left in the game, Wally Williams got away

TOWN TOPICS

Ward 5, Cordova Bay District Ratepayers' Association will meet in McMorran's Pavilion Friday at 8.

Sale in Stewart, B.A. of Victory cards in aid of the Red Cross Society in Victoria has netted \$12. The sale in the far north was organized by Mrs. H. C. Bennett.

A special meeting of the Victoria Highland Games' Association will be held at Liberal headquarters tomorrow evening, at 8. All interested whether members or not are invited.

Hill's Drive Yourself was fined \$10 in the City Police Court this morning for letting out a car for hire without being equipped with an approved governor to control the speed of the car.

Thieves last night entered the Superior Meat Market, Fort Street, and stole a gold watch and chain, some groceries and cigarettes, according to a city police report.

Constable John Blackstock found the premises open while making his rounds, and J. Waters, proprietor, informed police of the theft.

Water pressure in Esquimalt and Victoria West, reduction in which drew protests from residents of the districts, has been improved, Alderman J. A. Worthington, water board chairman, stated yesterday.

He and the mayor yesterday inspected 29 inch meter serving the localities. Rerouting of water during the installation caused reduction in pressure.

The Victoria West Liberal Social Club recently held a successful old-time dance and military 500. The entire proceeds of both affairs, which amounted to \$85.40, will be used to purchase blankets for the Red Cross to send overseas.

A vote of thanks was tendered the merchants of the district who supplied the prizes, and Scafe's orchestra who played for the dance free of charge.

Steve Penny, a sailor, was sentenced to seven days' imprisonment when he pleaded guilty in the City Police Court this morning to a charge of being drunk in charge of a car. Penny was arrested yesterday by Constable Sam McKenzie on a Haultain bus after an accident at Hillside Avenue and Shelbourne Street. Police said the car Penny was driving struck another driven by G. J. Cameron, 2108 Cadboro Bay Road, which was stopped at the stop sign. The impact knocked the Cameron car across the street, causing considerable damage, police said.

There are 180 Indian tribes still existing in the United States.

"The Gravy Was Lovely"

Maybe "Lovely" is not quite the right adjective for Gravy—but that's what a well-traveled couple said last week after having dinner in our big, restful dining-room. Anything from our 33c 3-course lunch to a complete dinner at 60c to 85c is always good food, nicely served AND EXCELLENT VALUE.

Prominent Local Men Joining Up

Arthur Buckle, well-known business figure and sportsman of Victoria, who was one of the youngest Canadian pilots in the last war, has answered the call to the colors again and will leave the city tonight for the east, where he will take a refresher course in a Royal Canadian Air Force school.

Head of Buckle and Company Limited, investment dealers, Mr. Buckle expects to be appointed to some station in Canada for administrative work in the R.C.A.F. following the refresher course.

In the last war he received his wings and was commissioned a lieutenant before he was 18 years old. He joined the Royal Flying Corps in Montreal in August, 1917, and was sent to a flying school in Texas.

Following his training he served as instructor and delivery pilot, taking airplanes from England to France.

Mr. Buckle's wife and two daughters, Elizabeth Anne, six years old, and Katherine Jane "Mickey," three years, will remain at the family residence, Sylvan Lane.

Mr. Buckle is a member of the Union Club, the Victoria Golf Club and the Tyee Club of Campbell River.

SCOTS BUILDING UP

Rupert V. D. Guthrie, well-known real estate man, has gone

RUPERT V. D. GUTHRIE

into the ranks of the Scottish. He served in the last war. Ranks of the Canadian Scottish battalions were swelled again today as the recruiting wave began to reach its peak here as well as all over the province.

While a steady stream of recruits went through the local depots of the Scottish, another group arrived from up-island—30 of them from Nanaimo—and seven men who had enlisted at Penticton arrived to join the unit, which they had selected.

This is all part of the general wave of enthusiasm which has swept the province since the drive for men got under way two weeks ago. Col. H. E. Goodman, district recruiting officer, announced that his depots in all areas are handling men as fast as they can.

There are nearly 800 men awaiting documentation at various points. Vancouver alone put through 100 men yesterday and Col. Goodman went over to the mainland to inspect the depots.

At Prince George where Major A. P. Gale had some delay in establishing the recruiting office, he found 300 men waiting to join up and is rushing them through as rapidly as possible. Due to the medical tests and documentation necessary, it is a good day's work for one depot to put through 25 men.

Yesterday's full-dress recruiting parade by the Scottish here, added to the fact of several business men joining up, greatly helped to increase the regiment's

Fred L. Johnston, son of the late Private C. B. Johnston of the 7th Battalion, and Mrs. C. B. Johnston, Helen Road, is in Toronto training as a Royal Air Force gunner. He is a former pupil of Margaret Jenkins School, Strawberry Vale and Mount View High School, and a well-known softball player and swimmer in Victoria.

OBITUARY

McNAIR—The funeral of Mrs. Margaret Evelyn McNair will be held tomorrow afternoon at 2 from Sands Mortuary. Rev. James Hyde will officiate. Interment in Colwood Burial Park.

SONGHURST—Gideon James Songhurst died yesterday at the Royal Jubilee Hospital, aged 77. Mr. Songhurst was born in Surrey, England, and had been a resident of this city for 12 years, and was for many years a resident of Regina. He is survived by, besides his widow, 566 John Street, one son, Robert, of Saskatoon, and two grandchildren. Services will be held tomorrow at McCall Bros' Funeral Home at 2. Rev. F. Pike will conduct the service; interment at Royal Oak.

HECTOR—James Hector died today at the residence, 1106 Balmoral Road, aged 75 years. Mr. Hector was born in Kilmarock, Scotland, and had been a resident of this city for 30 years. He is survived by his widow, one son, Andrew, of Seattle, also a sister in Scotland. Services will be held tomorrow afternoon at 3.30 at McCall Bros' Funeral Home. Interment at Royal Oak.

LOVATT—George Lovatt of 2038 Milton Street, Oak Bay, died last night in the Royal Jubilee Hospital, in his 78th year. He was born in London, England, where he was for seven years champion cyclist, and came to Canada in 1917, being a resident of Victoria since 1921. He leaves his widow and one son, George R., both at home; also a brother in England. One son, Stanley Walter, was killed at Vimy Ridge while serving with the 5th Battalion C.E.F. Mr. Lovatt was a member of the Royal Society of St. George and of the Oak Bay United Church. Rev. F. R. G. Dredge will conduct services on Friday afternoon at 2 at Hayward's B.C. Funeral Chapel. Interment at Ross Bay.

LARKIN—Last rites were conducted by Rev. Bryce Wallace at Hayward's B.C. Funeral Chapel this morning at 11 for Mrs. Annie Katherine Larkin of Tofino, who died Monday at the Royal Jubilee Hospital, aged 46 years. Mrs. Larkin was born in Barrhead, Scotland, and came to British Columbia in 1923. She leaves her husband, Thomas Larkin, and one daughter, Yvonne, at Tofino. Cremation at Royal Oak.

TANNER—Funeral services for Henry E. Tanner, Saanich pioneer, will be held tomorrow morning at 10.30 in the Sands Mortuary. Rev. Canon R. J. Pierce officiating. Cremation at Royal Oak.

SEATTLE (AP)—Funeral services were held here today for Rev. Dr. Edward Lincoln Smith, 75, pioneer Pacific northwest "Yale Band" home missionary and pastor. Dr. Smith was recognized as one of the northwest's outstanding congregational clergymen. He was the founder of Seattle's Pilgrim Church. The Yale Group comprised six youthful home missionaries who came west in 1890.

19 RAINLESS DAYS
For 19 days no rain has fallen in Greater Victoria, making one of the driest Junes in history. Last rain was June 7. Not the slightest precipitation is expected, as the weather forecast announces "becoming warmer." Farmers are beginning to feel the pinch now and some of the crops may dry out unless rain occurs within the next 10 days. Amateur gardeners have been watering every day, the high winds of the last week drying out the lawns and beds almost as much as the warm sunshine.

appeal, which is to fill two battalions up to war strength.

WELLS FAMILY SERVE

A real service family was completed when F. H. Wells, Broad Street barber, took the oath with the Scottish the other day. Mr. Wells was with the 2nd C.M.R.'s in the Great War.

He has a son, Harry, now serving aboard a Canadian destroyer. Another son, Fred, is in the navy at the local barracks, and is instructing new recruits.

Albert F. Taylor, a member of the City Hall staff for 13 years, and senior clerk in the assessment collector's office, put his application for leave of absence before the council today so he can join up.

Wing Hay, Canadian-born Chinese, known in sporting circles throughout the province for his boxing ability, has gone with the Scottish to Port Alberni to go into the ranks.

Another well-known Victoria athlete back in uniform is Fred (Stuffy) McGinnis, who has a job in the ranks of the Canadian Scottish. Last season McGinnis managed the Victoria all-star baseball club, and several years ago was one of the city's leading catchers in senior baseball.

PRIZES PRESENTED AT GLENLYON

In speaking to the parents and friends of the boys of the school at the closing this afternoon, J. Ian Simpson, the headmaster, reported a most satisfactory year in every phase of the school activities. He had a special word of welcome for those boys who had come from Great Britain and other parts of the Empire during the past year. Reviewing the year's work, he said that teaching in the classroom had been emphasized above all else and that the general standard of excellence was very high. This, he felt, was reflected in the achievements of the boys who had left the school. Mentioning only a few, he told of two who were prizewinners at Oak Bay High, another top in his form at Victoria High, a third at University School, and he reported that the head boy this year, John Pitts, had won a scholarship at Brentwood College.

Clarence Pitts of Ashcroft presented the prizes and, in the course of his remarks, he told the boys that they were the empire-builders of the future, and the best service they could render to the Empire was fitting themselves through their studies to take the place of those who today are giving their all in the defence of their country and of civilization.

The prize list:

Form 5—Head of school, Tomlin prize, John W. Pitts; 2, Peter L. Fowler.

Form Upper 4—1, W. Galt Elington; 2, Alan J. Wilson.

Form Lower 4—1, P. B. S. McCulloch; 2, Roger L. Smith.

Form Upper 3—1, Frank W. D. Hoffman; 2, John D. Munday.

Form Lower 3—1, Ronald S. Wilson; 2, Charles P. Crawford; 3, Brian Crane.

Form 2—1, Michael R. Booth; 2, Fred M. Carr.

Form 1a—1 (equal), Alastair Cousland and Gerald Coultas.

Form 1b—1 (equal), John H. A. Taylor and Wm. E. Patey.

Form 1b—General progress, Christopher Mainy.

Special prizes: Nature study (senior), Richard Rowe; (junior), Daniel Mainy; Scripture, Jack P. Rowe.

Cricket bat for best all-round cricketer, presented by Mrs. H. B. McGivern—Jack P. Rowe.

Bat for best intermediate cricketer, presented by Mrs. J. N. M. Hodgins—Urquhart Sheffield.

Fergus Macdonald Shield (character and conduct)—Won by Peter L. Fowler.

Express Concern For Water Supply

The Defence of Canada League, Victoria branch, today forwarded to the city a resolution which "views with alarm the reported inadequate pipelining being given to the watershed's pipeline and water supply of the City of Victoria."

Thanks of the Gyro Club for the use of Macdonald Park for its novelty golf contest in aid of the Queen Alexandra Solarium are contained in a letter received from Harold L. Butters, secretary, today. Mr. Butters stated \$1,100 will be turned over to the Solarium from the event. He complimented the city on the splendid condition of the park and its equipment and expressed thanks for the courtesy and co-operation received from parks officials. The club, the letter stated, was anxious to have the park inspected to see if the condition in which the Gyros left it was satisfactory.

IN TOWN TODAY

Elva Allen, a demure little maid of Melrose, Massachusetts, a city of about the size of Victoria near Boston, won a popularity contest and the merchants of Melrose paid her expenses on a transcontinental tour.

Miss Allen reached Victoria today with the Don Eck tour party from Chicago, checking in at the Empress Hotel.

"I have had a wonderful time and have seen everything worth seeing on my long jaunt across the country," she said on arrival. "This is one of the most beautiful cities I have seen."

"Now I have realized my ambition to see Canada I am returning home content."

The Don Eck tour, conducted by Erven Wagner of the Northern Pacific, St. Paul, Minn., topped off a travel itinerary which took in the California and the exposition at San Francisco. Another group in the city today is the Mainell tour organized at Chicago.

Garnet Wilfred Blackburn, 35, Vancouver insurance salesman, was sentenced to 60 days' hard labor by Magistrate H. C. Hall this morning for a breach of the Defence of Canada regulations.

Blackburn was convicted after his arrest by R.C.M.P. officers following remarks passed in an Esquimalt beer parlor derogatory to the Royal Family and likely to prejudice Canada's war effort.

FOREST HAZARD

B.C. forest branch officials today were prepared to meet forest fire threats as continued dry weather created hazardous conditions practically all through the province.

Forest protection crews have been fully mobilized to take care of outbreaks at all points but the foresters are most anxious for aid from their chief ally, rain.

"It is not that it has been so hot, but the continuous dry weather is creating extremely hazardous conditions," said C. D. Orchard, chief forester.

With a holiday weekend in the offing, Mr. Orchard made an appeal to the public to exercise the greatest care in their outings.

Conditions are "just ripening for very serious outbreaks and a little caution on the part of those going outdoors for the holiday may avert major conflagrations," he said.

Up to now the forest service has been extremely fortunate this season with only 246 fires reported against 401 for the same period last year. However, the "hazardous" warning has now been placed in the Vancouver, Prince Rupert, Kamloops and Nelson districts.

DANCE PROGRAM

Music lovers as well as dance patrons will find a choice fare on the program of "Footlight Frolics" at the Royal Victoria on Friday night at 8.15.

Even the tiny tots, always a delight to adult audiences, will trip their way through intricate patterns to the strains of Chopin, Strauss, Lehar, Edward German and other favorite composers. An excellent orchestra, under the direction of Wm. Tickle, well-known director, will provide the accompaniment to the numbers. Special scenic effects will be used in the delightful and whimsical "Clock Shop," which is one of the most beautifully costumed numbers presented in Victoria this season.

The background will comprise an array of bizarre clocks representing various periods. A contrast will be found in the musical comedy part of the show, in which the stirring, fast-

ALERTS CAPTURE NERVE TINGLER FROM JOKERS

(Continued from Page 14)

by himself and the end looked to be in sight, but Skellern rushed him and he threw the ball away.

OVERTIME

Ovcharick put Jokers back into the lead a few seconds after the start of the first five minutes of overtime. McDonald went through Jokers from the next face-off to tie the score. Pridham took a neat pass from Allen to put Jokers back into the lead again, and Ovcharick scored another, making it 20 to 18, when the change-over came.

Bischlager brought Alerts within a goal of Jokers soon after the start of the final five minutes, and Daryl Coates went in alone to tie the score. With one and a half minutes left, Uttke

was given a two-minute penalty, which left Jokers short handed. They held out until the 15-second mark, when Bischlager fired the winning goal. Williams and McDonald each scored goals in the remaining time for the final 23 to 20 score.

COATES SENT OFF

With one minute left in the third period, Norm Coates, star forward for Alerts, was sent off the floor for the rest of the game by referee Ditchburn, after "The Lone Ranger," Lynn Patrick, had gone into Alerts' nets on a power drive that had goal written all over it. Goalie Gawley hung on to Patrick's stick, and the big boy pushed him and the goal over backwards. As he did so Coates came in from behind, fouling him, and to make matters worse, he spoke "ungentlemanly" to the referee. Patrick was given a penalty shot, which bounced off the goalpost. Alerts were al-

lowed to substitute for Coates after five minutes.

The win for Alerts gave them a tie with James Bay in first place in the standing, although they have played one game more.

Referees were Ross and Ditchburn.

TEAMS AND SCORES FOLLOW:

Alert Service—Gawley, Langdon, Ferguson 1, Cockin, Harding, Brown, N. Coates 1, McDonald 8, Price 1, Bischlager 3, Williams 5, Thompson, D. Coates 4. Jokers—Kennedy 1, Uttke 3, Coleman 1, Patrick 2, Pridham 3, Allen 1, D. Mair 1, Ludbrook 1, Ovcharick 3, McSweeney 1, W. Allen 1, Entwistle, Skellern.

PRELIMINARY

In a closely-fought junior preliminary, McLean's Bakery came through with a 15 to 11 win over Owl Drug. At the start of the fourth period the bakerymen led 10 to 9 and outscored the drugists 5 to 2 before the final whistle.

Levy and Alexander refereed.

BEATEN BY CHICAGO

(Continued from Page 14)

found themselves on the short end of a 19 to 0 score.

The hapless Oaks contributed little except the comedy element as they gave up 16 hits and 12 bases on balls and committed four errors.

Seattle Rainiers widened their margin of league leadership by trimming San Diego handily 4 to 1.

Still skidding, the Sacramento Senators slumped into seventh place by dropping a 7 to 0 shut-out to the tail-end Portland Beavers.

San Francisco climbed to the top of the second division by coming from behind to curb the Los Angeles Angels 5 to 4.

"We'll Call Jones in Calgary & Ask Him"

These men wanted information in a hurry from a man in Calgary—facts upon which an important business deal hinged. There was no time to wait for an exchange of letters, so they called by long-distance telephone. In a moment the Calgary man was on the line. Questions were asked and answered in one short conversation. Again the long-distance telephone had saved the day.

BUSY MEN GET FACTS IN A HURRY BY LONG-DISTANCE TELEPHONE

BRITISH COLUMBIA TELEPHONE COMPANY

Far North Ore Deposits Now To Be Worked

Two British Columbia mining companies this summer will begin large-scale working of antimony and mercury deposits newly found in the almost inaccessible far north of this Canadian province.

They may prove to be, mining authorities said here, the first really large-scale workings of these metals in North America. Both are essential to war industries. Both are on the U.S. army's critical list because of insufficient production in the United States and the great distance of the most important sources until now.

The news is particularly welcome because Italy, now in the war, has been one of the main sources of mercury. Even more is imported from Spain, and this may be affected also, because of cartel agreements with Italy.

The new deposits were found in an area north of Ft. Saint James, trading post of another cty., 1,000 miles from Vancouver and 100 miles above the northern spur of the Canadian National Railways. A retort is being set up at Pinchi Lake, site of the mercury find, for on-the-spot extraction of the mercury from its ore, cinnabar. Mercury and antimony ore will be trucked out over

roads leading to the famous Cariboo Road, over which came gold-seeking pioneers of yesterday. Prospector A. J. Ostren found the mercury ore last summer following a report by J. G. Gray of the Canadian Geological Survey that the area showed signs of cinnabar. Ostren's claim was purchased by the Consolidated Mining and Smelting Company, largest mine operators in the province. T. E. Neisen discovered the antimony ore about the same time. A new company which has not yet given itself a name is being formed to exploit the development. Both companies plan year-round operation despite the mine area's northerly latitude.

While little of the new mines' production will be available to the United States as long as Great Britain is at war, officers of the army's industrial planning branch, which is charged with industrial mobilization, will undoubtedly welcome news of deposits on this side of the ocean. Mercury goes into percussion caps for rifle and machine gun bullets, among other important uses, and antimony, among other things, into type metal for printing. China was the source of the major part of the world's antimony until the war with Japan interfered.

A VICTORIA LADY SAYS: "MOSBY'S TONIC FINEST MEDICINE I EVER TOOK"

Mrs. Hall of Balfour Ave. Had Years of Distressful Gas Bloating In Stomach and Bowel Constipation—Now Relates How Mosby's Tonic Relieved Her and Says: "It's a Splendid Medicine. I Gladly Endorse It"

MRS. SARAH HALL of 3172 Balfour Ave., Victoria, Who Says: "I Feel Better Than IN YEARS Since I Took Mosby's Tonic. This is the Finest Medicine I EVER TRIED!"

"I swelled with gas after every meal. Oh! how I suffered! And the pains from this gas bloating. I can't even describe them. But since I got Mosby's Tonic my stomach gas and bloating are relieved. Now I can eat! I simply Thank The Day I found this medicine."

All over Victoria and throughout this section people are talking like that about MOSBY'S TONIC, a New Scientific Formula, now being introduced in this city at the Cunningham Drug Store, Fort and Douglas Streets. For instance, just a few days ago Mrs. Sarah Hall of 3172 Balfour Ave., Victoria, made the following Sincere Statement about this Splendid Medicine. We are pleased to publish the statement of this well-known resident. Read what she has to say about Mosby's Tonic.

A Long-time Sufferer From Gas, Bloating

"I have been a resident of this section for years and know a great many people in this vicinity and to all of them I want to say sincerely that Mosby's Tonic is the Finest Medicine I EVER TRIED," said Mrs. Hall. "For a long time I had about as much suffering with gas, bloating, upset stomach and bowel constipation as anybody could possibly have. Finally my stomach got so badly upset that everything I ate would turn to gas and bloating inside of me. So I was in distress after every meal. Naturally, with my stomach in such a condition I never got the good out of my food and lost strength as a result and had no energy to speak of. Bowels were nearly always constipated."

Now Feels Better Than In Many Years

"I was badly discouraged about this condition of mine, as it

seemed like no medicine or treatment could help me, for I tried many of them without results. Then I began to read in the papers about Mosby's Tonic and saw so many published testimonials from local people endorsing it, so I got this medicine and started taking it. And I want to say again to all my friends in this vicinity that Mosby's Tonic turned out to be the Finest Medicine I EVER TRIED. It relieved my upset stomach and cleared out that distressful gas and bloating and now I eat my meals and enjoy them and have no suffering afterward. My constipation is relieved and bowels are regular. I have more strength and energy and feel better than I have in many years. I know from experience that Mosby's Tonic is splendid and I gladly give this statement, endorsing it to all who suffer as I did."

Acts on Bowels, Stomach Helps You in General

MOSBY'S TONIC acts in several ways at one and the same time. That is, it contains 20 ingredients, including 15 Roots and Herbs. So it helps you in GENERAL. It cleanses the bowels and clears gas and bloating from stomach. It stimulates the liver, cleanses the bile from the system and relieves biliousness, sick headache and yellowish "muddy" complexion. It invigorates the kidney action and relieves night rising and backache. Weak, rundown people soon feel like different men and women.

MOSBY'S TONIC is sold in Victoria at The CUNNINGHAM DRUG STORE, Fort and Douglas Sts., and also sold by all leading druggists throughout Victoria and Vancouver Island.

Protect Against Heat!

● If you feel hot, think what the oil in your engine must put up with. At normal operating temperatures it fairly sizzles. Under these conditions Mobiloil lubricates to perfection. Heat doesn't break it down.

Crude oil contains plenty of elements which break down under heat and form sludge and carbon. Mobiloil engineers found ways to take these elements out. Mobiloil is practically 100% pure, rich lubrication. It lasts and lasts. It keeps your engine clean...sweet...smooth-running.

..... Drive in where you see the Mobiloil sign. Fill up with fresh, clean, long-lasting Mobiloil.

GARGOYLE INDUSTRIAL LUBRICANTS, used widely throughout all branches of industry, are manufactured by the makers of Mobiloil.

SOLD BY IMPERIAL OIL DEALERS EVERYWHERE IN CANADA

Lived Through Nine Wars
BRIGHTON, Australia — Through the reigns of six monarchs, Miss Fanny Edwards, 107, has lived to see her ninth war. She was born at Dartmouth, England, in 1833, and came to Australia with her sister in 1883.

The Montgolfier brothers, noted in balloon flight, started as children to make toy balloons with paper and flour paste.

CONSTIPATED?

Take This Modern Vegetable Laxative to tone the liver and get the bile flowing. Improves digestion and saves away clogging wastes. Ask for the genuine Dr. Morse's Indian Root Pills — at your druggist's.

For Backache, Kidney and Bladder Trouble

Stop Getting Up Nights and Feel 100%

Here's one good way to clean harmful waste from kidneys and relieve bladder irritation that often causes acidity, burning and stinging passage. Ask your druggist for a 40-cent box of GOLD MEDAL Haaslem Oil Capsules (Double Drops in Capsules)—a time-tested, safe and harmless diuretic and stimulant for weak kidneys and irritated bladder. Besides getting up nights, some symptoms of kidney trouble may be backache, puffiness, leg cramps and moist palms, but be sure to get GOLD MEDAL—It's a genuine medicine for weak kidneys—from Haaslem in Holland.

NAVIGABLE WATERS PROTECTION ACT

R.S.C. 1927, CHAPTER 140

The Corporation of the City of Victoria hereby gives notice that it has under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Victoria at Victoria, in the Province of British Columbia, a description of the site and plans of a wharf proposed to be built in the Harbor of Victoria at Victoria, British Columbia, 100 feet from Lots 109, 110 and 111, Victoria City.

And take notice that after the expiration of one month from the date of the first publication of this notice the Corporation of the City of Victoria will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans, and for leave to construct the said wharf.

Dated the 18th day of June, A.D. 1940. F. L. SHAW, Solicitor for the Corporation of the City of Victoria

HOW TO OVERCOME ITCHING PILES

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning and proper treatment should be secured at once. For this purpose get from Modern Pharmacy or Chemist, a package of Hemoroid and use as directed. This formula, which is used by virtually every physician, relieves the itching and soreness and aids in healing the sore, tender spots. Hemoroid is highly recommended, is easy to use and it seems the height of folly for anyone to risk an operation when a simple remedy, which is so pleasant to use, may be had at such a reasonable cost.

Young Tom Edison

Showing Tomorrow

The man, woman or child who cannot thoroughly enjoy every minute of "Young Tom Edison," coming to the Atlas Theatre tomorrow, is not human and never was young.

It is a beautifully human story of a boy who triumphs against the stigma of being considered strange. It has everything—comedy, adventure, thrills, tears, human interest and family love.

As Tom Edison, Mickey Rooney shows his right to the claim of being an actor.

'My Favorite Wife' Held Over

What happens when a presumably long-dead wife suddenly reappears to confront her newly-married husband gives rise to a melange of hilarious complications in the romantic comedy, "My Favorite Wife," which is being held over at the Capitol Theatre, co-starring Irene Dunne and Cary Grant, with Randolph Scott and Gail Patrick in support.

PLAZA THEATRE

A truly "different" war picture is "Women in War," a Republic drama starring Elsie Janis, Wendy Barrie and Patric Knowles, now being shown at the Plaza Theatre. Although the film has a war background, it does not deal with men at the front, but rather with the nurses who brave danger in order to save the wounded.

DOMINION THEATRE

Wayne Morris has one of the most powerful roles of his brilliant screen career in Warner Bros. "Flight Angels," which is at the Dominion Theatre. Cast as Dennis Morgan's co-pilot, he and Morgan design a new type of stratosphere plane which the army is about to test. Dennis thinks that he should be permitted to make the initial flight but is refused permission because of his failing eyesight. Wayne tries to reason with him but is unable to talk him out of the idea. In addition to consoling Dennis, designing new ships and his regular pilot's job, Wayne has the difficult task of telling Jane Wyman he's in love with her.

RIO THEATRE

Few would believe that a student could work his way through a university in sunny California with a pair of skis. Aaron Phillips has earned his school expenses when recently engaged by Director Walter Wanger to give lessons to Helen Parrish and James Cagney, the second romantic couple in "Winter Carnival," now showing at the Rio Theatre.

Hitler Visits Paris

BERLIN (AP)—Hitler paid an extended incognito visit to Paris yesterday and visited the tomb of Napoleon, a reliable source said today.

Hitler wore a light brown dress over his uniform as he entered the Hotel des Invalides. He stood for a while in the big rotunda whence one gazes down at the tomb, then walked to the banks of the Seine among the French people whom I loved so dearly.

As he arrived and left, German guards presented arms while French guards stood to stand.

Hitler also visited the Eiffel Tower and the Madeleine Church.

Britain Loses 52,642 Ship Tons

LONDON (CP)—Britain lost a total of 52,642 tons of merchant shipping during the week ended June 16, the Admiralty announced today. Eight other Allied merchant ships totaling 31,574 tons and six neutral ships totaling 23,170 tons were destroyed in the same period.

German merchant losses up to June 23 were put at around 874,000 tons and Italian losses at about 224,000 tons.

Canadian Provinces Agree

OTTAWA (CP)—National compulsory unemployment insurance is practically a sure thing for Canada before the present session of Parliament is ended.

Constitutional difficulties over jurisdiction, chief obstacle in 20 years of agitation for legislation for such insurance, are to be solved by the simple expedient of changing the constitution to meet the needs of the situation.

The House of Commons approved that change yesterday. The senate probably will be asked for its endorsement not later than tomorrow.

Then the British government will be asked by cable to take the appropriate action and, within another day or two, the British North America Act will be amended as required. The insurance bill itself will then be presented to the Canadian Parliament.

HOUSE ACTS QUICKLY

Introduction and passage of the government's amendment resolutions yesterday was done comparatively quickly and quietly, almost as an anti-climax to years of fiery speeches and fist shaking.

Armed with the support of all nine provinces, the Justice Minister, Rt. Hon. Ernest Lapointe, piloted the resolution through with no real obstruction. Some thought the amendment should have covered all social services. Some were convinced unemployment insurance was useless, but none stood in the way.

HISTORY OF MOVE

Mr. Lapointe said insurance measures had been held up on previous occasions by the constitutional barrier forbidding the Dominion to enact any measure which would compel contributions from workers and employers.

In 1936 the Supreme Court of Canada and the Judicial Com-
